Treasurer	DR J N CHIPLEY Pueblo County Sil Rep
Auditor	A Democrat not yet named
Supreme Judge	ROBERT W STEELE Arapahoe County Sil Rep
Supt of Public Instruction	MRS HELEN L GRENFELL Gilpin Co Sil Rep
Attorney General	C C POST Clear Creek County Pop

Special to the Gazette

Denver Sept 12.—As predicted in the Gazette two weeks ago a complete fusion was effected between the Democrats Populists and Silver Republicans The Democrats were most generous They gave to their allies all of the offices except governor and auditor on the main part of the ticket. True they get two presidential electors and a regent of the university but those positions are purely honorary The Silver Republicans get supreme court judge congressman for the First district treasurer superintendent of schools one regent and one elector The Populists get lieutenant governor secretary of state attorney general congressman for the Second district one regent and one elector This result was almost entirely brought about by the influence of Senator Teller and Thomas M Patterson They made most effective and powerful appeals to all of the conventions for fusion

They had to overcome a powerful lobby as well as the opposition of many delegates in all of the conventions who did not want fusion of any kind Senator Teller once more demonstrated the strong hold which he has upon the fusion forces and the Democrats were more willing to defer to him and his judgment than to their own leaders

Notwithstanding the claim which was so boldly made that the Democrats would go it alone without fail this year they conceded the most liberal fusion arrangement ever made and they emphasized the fact that they wished to please Senator Teller over and above anything else

THE DETAILS OF THE DAY'S PROCEEDINGS

Special to the Gazette

Denver Sept 12.—When the doors of the Coliseum hall were thrown open this morning for the admission of the delegates to the Democratic state convention a large crowd that had congregated outside filed in The new hall had been arranged during the night so that each delegation could go to their respective places without unnecessary confusion The delegates stood around and discussed the audacity of the Silver Republicans in demanding that they be given the governor.

A hush of expectancy was manifest all through the hall and it was evident that the matter of fusion was not settled by any means The delegates seemed to feel that the same trouble would be had that was manifest at Colorado Springs two years ago The delegates showed manifest disgust over having to be kept in Denver three or four days on account of trying to effect a fusion with two parties who as one man said "cut no ice any way" The delegates showed plainly that they intended to do something besides play today They want to go home and are tired of being held here in order to give some man a better hold for a nomination

It was just 9 50 when Chairman Montgomery called the Democratic convention to order this morning He called attention to the fact that delegates and spectators were indiscriminately mixed and requested that the latter move to the seats provided for them

What Each Wanted

W H Adams reported that the conference committee had failed to agree He then gave the report of offices as each party wanted The Democrats wished the offices divided as follows

"Democrats Governor secretary of state auditor supreme judge and two electors

Silver Republicans—Treasurer one congressman one regent of state university superintendent of public instruction and one elector

Populists—Lieutenant governor attorney general one congressman one regent and one elector

The other two parties wished the division to be as follows

Democratic—Governor one regent supreme judge two electors

Silver Republican—Treasurer auditor supreme judge one elector and one congressman

Populists Lieutenant governor secretary of state attorney general one elector one regent and one congressman

The fusion committees of the Silver Republican and Populist parties asked to be heard and were invited to come and present their side of the case While waiting for them to put in their appearance Senator Buckley told of the actions of the joint conference committees He urged that this convention would stand by the position as taken by the Democratic conferrees He said he believed that fusion would be impossible unless the other parties were given the spoils He said every proposition as made by the Democratic committee be upheld and his remarks were well applauded

Gov Thomas secured the floor and spoke in part as follows I am scarcely able to stand this morning or to attempt to say a great many words to you The line of political duty has been to unite the silver forces and to that end I have labored You have had a committee laboring all night for this purpose but have failed They have been far more liberal than they should have offered Outside influence has been at work and has to my mind made fusion impossible I believe we should make one more effort and if that fails we shall meet and name a ticket We can offer them positions, but if they fail to accept we can name our own people and go ahead I inclose the offices that our committee has asked for and I am sure our allies will not fuse unless they can have the principal offices. If the committees can not agree by 2 o clock let's nominate a ticket and go home

A motion to adjourn until 2 p m was voted down

At this moment Mr T M Paterson and Senator Teller arrived from the two other conventions They were greeted with wild applause Mr Patterson spoke first as follows

I trust you will be patient and bear with me The silver agitation in Colorado has reached a crisis If it fails in Colorado it fails in the Union There are three parties in this state united on the same principles. Unfortunately we have been unable to gather them all in one party Do not blame me of the lesser parties for this condition. If we were all under one flag it would be the happiest moment of my life

The three committees were honest in what they demand They had to demand what they did in order to maintain political honesty

In the beginning of the conference the Democrats and Populists were agreed as to the division of the spoils The controversy waged over the different offices for a long time Both Democrats and Silver Republicans wanted the governor. The Democratic party promised us part of the spoils if they were given the governor two years ago We have adopted the following resolution for this year

'Resolved That as to the office of governor, the committee recognizing the great patronage of the office and that all parties will contribute to the election of the governor, it is its expressed opinion that the governor in making appointments should be guided by a desire to do impartial justice between the Democrats Silver Republicans and Populists'

Under this resolution if the governor believes that Democrats should be appointed he has the right to do so In giving the Democrats the governor it gives them the control of over 6000 appointments every one of which has a salary We believe if the Silver Republicans had given the Democrats auditor the fusion would be completed So we have decided to offer the following proposition

Democratic Governor auditor two electors one regent

Silver Republicans—Supreme judge treasurer superintendent of public instruction one elector one congressman

Populist—Lieutenant governor secretary of state attorney general one elector one regent one congress

This means that the Populists and Silver Republicans have surrendered five times as much as was asked for by them

We ask for the same positions as were given us two years ago except you change with the Silver Republicans supreme judge for state auditor

Will you accept this or will you refuse? If you send our 1000 delegates home with a grievance with malice in their hearts every one of them is liable to become hostile to the Democratic ticket and will perhaps elect another Wall street senator and put Colorado in the Republican party

Remember, my friends that a family trouble is the worst trouble of all For six years we have worked together in the interests of silver in Colorado Will you now turn us down when we supported you when you needed it? Fusion must be had in the legislative ticket if we defeat Wolcott The far-reaching effects of this refusal to fuse cannot be estimated

He then gave a long description of the three political national conventions in which all parties accepted the Democratic nominees

"We represent the two parties who have been so liberal in national affairs We pray you not to turn us down when you know you have in your hands the power of defeating the Democratic ticket from Mr Bryan down

He then made a plan for Bell and Shafroth to be returned to congress

We only ask that your Democratic governor when he makes his appointments have a desire to grant us some allotment

Mr Patterson's speech was received with more applause from the gallery than from the delegates

Senator Teller's Speech

Senator Teller was received with tremendous applause and spoke in part as follows

Mr Patterson has presented the situation perfectly and I suppose you are now ready to act I am not concerned myself only as this agreement will effect the Silver Republicans of the state. Our united efforts are needed if we win There are other states where you need our votes to accomplish success I feel a little humiliated when I know that our principles may be defeated because a few men want to hold office I believe my fellow Bryan workers that you will treat your allies right

I want to say that Governors Thomas and Adams have given us the best administration we ever had and I want to say farther that I intend to support the Democratic nominee for governor no matter what the outcome of this conference will be

We are allies not for office but to put the country on a sound financial system I will vote for Bryan if this Democratic convention would throw me into the street I believe today he is the greatest living American

It is for you to set the example for a fair fusion There are difficulties but we ought to overcome them This is not a question of party but a question of principle You are no more anxious for Democratic success in the nation than are we who want to be your allies. Your activities here today will not effect my political life one whit

Mr Teller then went into a long discussion of the national issues calling attention to the fact that if fusion failed in Colorado it might be the means of electing Mr McKinley and thus defeat the principles that were so dear to every true American He closed with an eloquent comparison between Lincoln and Bryan stating that in the full blaze of publicity after four years it was impossible to find fault with Mr Bryan though the opposition had incessantly waited and watched for an opportunity to do so

The applause at the close of Mr Teller's speech was the longest yet in the history of the convention

Ex-Governor Adams then secured the floor and said

It is pitiful that we must quarrel every two years over a division of the spoils Why should any man's views stand in the way of fusion? To me it seems that the Democracy is not acting fairly in this tri alliance We are a matter of ridicule to the enemy I would rather give up every office than lose the sight of principle Let us take such actions today as will cement us to Mr Bryan forever

It was moved by Lindsley that Mr Patterson's proposition be accepted Immediately the convention was in an uproar

Cries of No No and accept accept were heard on all sides After about ten minutes of confusion Charles Hughes gained the floor and spoke against the motion as follows

I believe we should not pass this but refer it back to our committee If the other two conventions are as liberal as their two representatives have stated them to be let them act the example of liberality

Mr Hughes made a strong plea and it could be seen that every word he spoke he was gaining the sympathies of the crowd

Colonel Montgomery gave the chair to Governor Adams who spoke as follows

'I differ with the man who has just spoken It is not courteous to the committee to again instruct them Let us act now Let us be fair Let us not stand on mere questions of form

Mr Bottom secured the floor and spoke against the motion He severely scored Mr Montgomery for taking sides when he was chairman I am sorry the Democratic party ever had a fusion were his last words

Governor Thomas gained the floor and said I am of the opinion of Mr Hughes I believe that I have gone through as much trouble over fusion as any one

While our allies see the beam in our eye they fail to see the mote in their own I believe the proposition as submitted by Mr Patterson is unfair and unjust to us. Let us take a recess and return at 3 o clock and hear our committee's report

The convention then referred the matter back to the committee and adjourned until 3 o clock

Galveston Sept 12 Galveston Typographical union appeals to sister unions for aid to care for the living and bury the dead

Immediate action says the appeal is absolutely necessary There can be no exaggeration Conditions are as indescribable as they are horrifying and helpless We are absolutely homeless Send contributions to Chairman Relief Committee,

'George V John'

N. Y. DEMOCRATS

John J Stanchfield was Nominated for Governor After Acrimonious Controversy.

Saratoga N Y, Sept 12—The Democratic state convention tonight nominated this ticket

Governor—John J Stanchfield of Chemung

Lieutenant Governor—William Mackey of Erie

Secretary of State John T Norton of Rensselaer

Comptroller—Edwin S Atwater of Duchess

Treasurer—John B Judson of Fulton

Attorney General—Thomas F Conway of Clinton

Engineer and Surveyor—Russell R Stuart of Onondaga

The head of the ticket was not elected without acrimonious personalities and a sarcastic exchange of compliments among the leaders But when the will of the convention had been finally registered ex-Senator Hill was first to propose the unanimous nomination of "a friend of lifelong standing John J Stanchfield" This attitude proved so spontaneously effective that representatives of almost every county who had opposed Mr Stanchfield were immediately upon their feet and one by one they were recognized by Chairman Raines to second the nomination

An evidence of purpose of avoiding friction upon all other questions than the gubernatorial candidate upon the part of both Mr Hill and Mr Croker was manifest throughout the proceedings

Dr Dennis Dowling Mulcahy, once an active Fenian agitator who was imprisoned in England in the latter part of the 60s with O'Donovan Rossa and other, died in Newark, N J, aged 52 years

The state department has received the invitation of Mexico to the United States to participate in the international American congress to be held in the City of Mexico, beginning Oct. 22 1901.

GALVESTON'S NECESSITIES

Twenty-five Thousand People Must Be Clothed and Fed.

THEIR WANTS ARE PRESSING

Latest Details of What Appears to Be the Worst Disaster In the Country's History Property Loss.

Galveston Sept 12—To the Associated Press We are receiving numerous telegrams of condolence and offers of assistance As the telegraph wires are burdened we beg the Associated Press to communicate this response to all

Nearby cities are supplying and will supply sufficient food clothing etc etc, for immediate needs Cities further away can serve us best by sending money Checks should be made payable to John Sealey chairman of the finance committee.

All supplies should come to W A McVitie chairman of the relief committee We have 25 000 people to clothe and feed for many weeks and to furnish with household goods Most of these are homeless and the others will require money to make their wrecked residences habitable From this the world may understand how much money we will need This committee will from time to time report our needs with more particularity We refer to dispatches of this date of R G Lowe which the committee fully indorse All communicants will please accept this in lieu of direct response and be assured of the heartfelt gratitude of the entire population.

R G LOWE
CLARENCE OWSLEY Committee.

Chicago Sept 12 The following statement was received at 11 o clock tonight

"Galveston Texas Sept 12

Charles S Diehl General Manager The Associated Press Chicago

A summary of the conditions prevailing at Galveston is more than human intellect can master Briefly stated the damage to property is anywhere between fifteen and twenty millions The loss of life cannot be computed No lists could be kept and all is simple guesswork Those thrown out to sea and buried on the ground wherever found will reach the horrible total of at least 3 000 souls

My estimate of the loss on the island of the city of Galveston and the immediate surrounding district is between 4 000 and 5 000 deaths I do not make this statement in fright or excitement. The whole story will never be told because it cannot be told

The necessities of those living are pressing Not a single individual escaped property loss The property on the island is half swept out of existence What our needs are can be computed by the world at large by the statement herewith submitted much better than I could possibly summarize them

R G LOWE
'Manager Galveston News'

Austin Tex Sept 13 Gov Sayers today made the following statement to the Associated Press correspondent on the Galveston flood situation

Conditions at Galveston are fully as bad as reported Communication has been established between the island and mainland however and hereafter transportation of supplies will be less difficult The work of clearing the city is progressing fairly well and Adjt. Gen Scurry under direction of the mayor is patrolling the city for the purpose of preventing depredations

The most conservative estimate as to the number of deaths is 2 000

Contributions from citizens of the state and also from other states are coming in rapidly and liberally and it is confidently expected that within the next 10 days the work of restoration by the people of Galveston will have begun in good earnest

Of course the destruction of property has been very great not less than $10 000 000 but it is hoped and believed that even this great loss will be overcome through the energy and self-reliance of the people

During the day the contributions have fairly deluged the governor more than $100 000 having been received Among the large contributors are to be noted the Standard Oil company with $10 000 the St Louis Commercial club for a like amount and the Huntington interests for $5 000

Relief Corps Reports.

This afternoon Gov Sayers received the following official report from General Manager Trice of the International and Great Northern railway who is conducting the operations of the relief corps at Galveston

Houston Tex, Sept 12—The cars containing the tents and rations were turned over to the barge line this morning and forwarded to Galveston Arrangements here having been made for all freight to be handled by barges hauled by tugs from Clinton and Galveston, and passengers by our line to Texas City and by boats from Texas City to Galveston This is the best arrangement that can be made and it prevents delay to either the freight or the passenger service for if we handled the freight with the passengers to Texas City to transfer from the cars to the boats would cause too much delay to the passenger service We brought in one train consisting of about 300 Galveston people to Houston today and will get another trainload in tonight mostly women and children which will make about 600 that we will get out of Galveston today The passenger and freight service between Houston and Galveston is all free for sufferers and we are issuing transportation to all points north of Houston to all sufferers not able to pay their way

The following report was also received from Adjt Gen Scurry

Galveston Sept 12—Mayor of Houston ordered Houston military companies here 65 men and officers came 30 more come tomorrow Mayor of Galveston directed me to take command Streets patrolled for purpose of preventing thieving Work of clearing the city progressing fairly well Most conservative estimate made of deaths 2 000'

Destruction at Other Points.

Gov Sayers today began receiving reports from various points along the gulf coast which would indicate that there has been great property damage done for several hundred miles and that the list of Galveston fatalities and suffering will be largely augmented Down the coast from Galveston the town of Dickinson was laid waste and five people killed The towns of Alvin Alta Loma, Texas City and Brookshire are wrecked and hundreds are destitute Richmond is so badly demolished that it will require weeks to clear the town Missouri City, and Stafford just opposite were entirely demolished and the few people remaining at these places have no homes to cover their heads Bay City in Matagorda county is reported wrecked with much loss of life though no official report has been made to that effect Patton Rollover Bolivar Point Quintana Sugarland Belleville Wharton Fairview Missouri City Sartaria and El Campo are also reported heavy sufferers both in point of property destroyed and lives lost

Owing to the fact that the telegraph service is still badly crippled Gov Sayers cannot ascertain the exact number of dead at the points named but it is approximated at 500

Reports reaching the governor show that the railroads telegraph and telephone companies have suffered an immense loss by the storm The governor was informed today that quite a number of tugs from New Orleans and other available points had either arrived or were en route to Galveston and by Saturday the transportation problem would be solved so far as getting people from the islands to the mainland was concerned.

ADDITIONAL DEAD

Galveston Sept 11 via Houston Sept 12—The following names are added to the death list

GERMAN WAR

The Fleet Has Been Defeated Near Arcona.

Hostile Army Landed in Pomerania and Threatens Berlin—Army Maneuvers are Successful

Berlin Sept 12 The German army maneuvers in accordance with plans prepared by Emperor William have now gone far enough to enable an analysis of the scheme

The supposition is that an hostile fleet has landed a hostile army on the Pomeranian shore after defeating the German fleet near Arcona

The enemy has attempted to push on quickly to Berlin where, however an army is formed which moves by forced marches toward Stettin repulsing the invaders

Today the hostile cavalry and infantry divisions are near Pyritz in Pomerania

The weather had been cool and dry until last evening when a warm rain set in

Prince Henry of Prussia and the empress have been participating Emperor William makes frequent and successful use of automobiles He encamped near Wildenbruch last night

BASE BALL

Pittsburg-Philadelphia

Philadelphia Sept 12—The finish of today's game was as exciting as the veriest enthusiast could desire Up to the eighth inning Waddell had been almost invincible and the visitors had steadily increased their lead In the local team's half of the eighth eleven men batted They made seven hits three of which were doubles, netting seven runs which tied the score In the ninth however Pittsburg made another run and Philadelphia failed to tally Attendance—3 000 Score

Pittsburg 1 0 1 2 2 2 0 1 1—10
Philadelphia 0 0 0 0 0 2 0 [illegible] 0—9
Hits Pittsburg 17 Philadelphia 14
Errors Pittsburg 1 Philadelphia 2.
Batteries—Waddell Philippi and Zimmer Bernhard Dorahue and McFarland

Boston-St. Louis.

Boston Sept 12—A gale of wind today prevented either team from playing good ball The errors were excusable it being next to impossible to judge a ball after it went into the air Nichols kept the hits well scattered while Powell was batted hard throughout the game The game was called at the end of the sixth inning on account of the wind. Attendance 450 Score

Boston 1 4 8 2 0 0—15
St Louis 0 0 0 1 2 0—3
Hits—Boston 18 St Louis 7
Errors—Boston 2 St. Louis 4
Batteries—Nichols and Clarke Powell and Robinson

Chicago-New York

New York Sept 12—The New Yorks and Chicagos broke even today The visitors won the first game without much trouble The second game was closely contested the New Yorks winning because of a wild throw by McCormick He gathered up Hickman's grounder and threw it behind the grand stand Hickman scoring on the error Mercer collided with King at the plate in the seventh inning of the first game and was knocked out Attendance 2,000 Score

Chicago 0 0 0 3 3 1 0 0 2—9
New York 0 0 0 0 0 0 1 0 0—1
Hits—Chicago 13 New York 10
Errors—Chicago 1 New York 6.
Batteries—Menefee and Kling Mercer Seymour and Grady

SECOND GAME

Chicago 1 0 0 0 2 3 0 6
New York 0 2 3 0 0 1 1—7
Hits Chicago 8 New York 12
Errors Chicago 2 New York 6.
Batteries—J Taylor and Kling A Taylor and Bowerman

Cincinnati-Brooklyn

Brooklyn Sept 12.—Daly won today's game by smashing out a double in the seventh, with the bases full The game had been a see-saw affair up to that time and was long drawn out because of the kicking of the visitors. Score

Cincinnati 2 0 0 0 0 0 2—4
Brooklyn 0 2 0 1 0 0 3—6
Hits Cincinnati 9 Brooklyn 10
Errors—Cincinnati 1 Brooklyn 4.
Batteries—Hahn and Peitz; McGinnity and Farrell

At Kansas City—Kansas City 1 Indianapolis 4

At Chicago—Chicago 12 Cleveland 4 Second game—Chicago 9 Cleveland 1

At Milwaukee Milwaukee 2 Detroit 1 Second game Milwaukee 2 Detroit 1.

At Minneapolis Minneapolis 7 Buffalo 6. Second game Minneapolis 3, Buffalo

QUESTION OF WITHDRAWAL

Must Now Speedily Be Decided by the President

DIFFICULTIES OF PROBLEM

Continued Occupation Places Responsibility for Threatened Famine Upon the Powers— Other Side

Washington Sept 12—The question of withdrawing the American troops at once from Peking is now before the president and a speedy decision is expected and required There are differences among officials in Peking on this subject and the issue is for the president to decide

The action of the French government as reported by cable dispatches in joining Russia in orders for the withdrawal of troops has brought about the contingency touched upon in the reply to Russia in the following language

The result of these considerations is that unless there is such a general expression by the powers in favor of continued occupation as to modify the views expressed by the government of Russia and lead to the general agreement for continued occupation we shall give instructions to the commander of the American forces in China to withdraw our troops from Peking after due conference with the other commanders as to time and manner of withdrawal

General Chaffee was made acquainted with the attitude of the government and was directed to hold himself in readiness to withdraw his troops Undoubtedly he has conferred with the other commanders as to the time and manner of withdrawal according to the terms of the note The sending of further supplies to him has been stopped and he now awaits but the signal from Washington to begin his movement It is for the president to give that signal

Famine Threatened

The considerations now before him before immediate withdrawal are first, the fact that he is already committed in a measure to such course Second it is represented that China is on the verge of a terrible famine and the retention of the troops in Peking preventing as they do the return of the Chinese government and the supply of provisions to the capital places the responsibility for what threatens to be a frightful calamity upon the powers who sanctioned the occupation

On the other hand strong representations have been made to the president to prevent withdrawal in advance of the procurement of absolutely sufficient guarantees for the protection of American interests in China and for the safety of the native Christians This last addition is one most difficult to meet but being insisted upon by the missionary element is being given most careful consideration

In anticipation of some such state of affairs the effort has been made to hasten the dispatch of preliminary negotiations It is highly desirable that some responsible representative of the Chinese government be recognized in order that we may secure a guarantee upon which to base the withdrawal of our troops

Significant Action.

Li Hung Chang and Prince Ching are the only lights in the east so far as our government can see and it is possible that the present problem may be solved by a decision to deal with them immediately and to accept their pledge as sufficient for our purpose Therefore the decision announced today to facilitate Li Hung Chang's passage from Shanghai to Peking may be regarded as significant Later it was announced that Consul General Goodnow had reported that Li would leave Shanghai next Friday for Tien tsin His means of transportation are not known but he may have a United States vessel if such a thing is absolutely necessary to his reaching Tien tsin Possibly negotiations may be conducted there but the opinion in official circles seems to be that the last act in the negotiations namely the signatures of the treaties which must bind China for the future must take place at the Chinese capital It is not known that any of the powers is prepared to object to Li Hung Chang's visit

Outrages in Provinces

Meanwhile the state department is doing its best to force the Chinese government through Li Hung Chang to restore peace in the provinces and check outrages upon American citizens which have been continued up to the present day Reports coming by mail are just reaching the state department as to some of these occurrences.

Under date of July 31 the consul of the United States at Fu-chau reports to the department of state that advices received from three native pastors at Shao wu a prefectural city about 250 miles from Fu-chau and a mission station of the American board indicate that during a riot which occurred at Shao wu on July 24, the large church belonging to the mission one chapel a large hospital building two residences occupied by the missionaries and several native houses were destroyed by the mob every article of furniture being carried away The consul also states that no loss of life is reported as having occurred during the riot Rev M Walker and Rev Mr Hinman of the Shao-wu mission were at Fu-chau on July 31 1900 where they had been for several months previously.

BOLD ROBBERY ON THE BURLINGTON WEST BOUND

Special to the Gazette

Denver Sept 12—That the west is becoming the scene of as many holdups as formerly occurred is proved by the fact that four trains have been robbed in eastern Colorado and western Nebraska during the past six weeks

The Burlington westbound train No 3 which is due to arrive in Denver at 7 10 in the morning was held up by one man at 1 40 this morning

It is estimated that he secured about $1 000

When the train stopped at Benkleman for water a man was seen to enter the day coach After the train had started he went to the two Pullman cars and began his work At the point of a revolver he compelled the porter and brakeman to accompany him He made these two gentlemen pull the curtains back and relieve the sleeping car occupants of their cash and valuables while he held a sack for them to be deposited in The robber was very generous to the lady passengers not taking anything from them The passengers were too excited to know what to do and train conductor Chas Busson did not know anything was happening until it was all over After the man had finished his work in the two sleepers he compelled the Pullman conductor to stop the train and he dropped off and disappeared in the darkness

The man is described as being about 5 feet 8 inches tall, weight 160 pounds blue overalls linen hat striped overjacket brown hair and a full week's growth of beard There is no clue as yet that is likely to lead to his capture

The Burlington has offered $1,000 for him, dead or alive.

GIGANTIC STRIKE CALLED

An Order to 142,000 Coal Miners to Cease Work Monday.

Indianapolis Sept 12—At 5 15 o clock this afternoon President Mitchell and Secretary Wilson of the United Mine Workers of America affixed their signatures to the document which will call 142 000 miners of the Pennsylvania anthracite region from their work Monday morning and precipitate one of the greatest strikes in the history of the labor world

The document was the official indorsement of the request of the anthracite districts to strike It was considered by the national executive board of the mine workers last week and when the board adjourned all power to indorse the request for the strike was left in the hands of the national president and secretary The official order to strike was sent to the three presidents of the Pennsylvania districts The order is a simple recital of the procedure of the three district bodies in applying to the national board for authority to strike and a formal announcement that the application is indorsed and the strike ordered The order says

Do not wait for any further notice to strike but cease work in a body on and after Monday, September 17 1900

This afternoon President Mitchell and Secretary Wilson sat in the headquarters They were nervous They opened telegrams from different parts of the anthracite region with feverish haste, thinking as they said that each message might be some concession from the operators that would prevent the strike

The three district presidents reported this afternoon that of the 142,000 men in the three districts 134 500 would go on strike Monday President Mitchell would not state what secret influence had been at work to prevent the strike and which caused the delay He said the person at work had offered his services voluntarily and that the matter was confidential

As to maintaining the men during the strike he said

"When men are fighting for just wages they can subsist on very little At any rate it is safe to say that nobody will starve or want for necessary clothing Most of the men live in company houses and we must consider the probability of eviction but these things have all been fully considered and will be met as they present themselves. At this time it would be folly for the organization to go into details as to the provision made for feeding and clothing the strikers.

President Mitchell will leave Saturday for Hazelton Pa. to personally conduct the strike

The Oklahoma Race

Another reason why Oklahoma piques the interest says Helen Churchill Candee in the September Atlantic is that almost every one remembers the unique way in which it sprang [illegible] civilized men and yet only those who actually took part in the run remember its excitement and its injustices First the land was bought from the Indians and surveyed in a plaid of mile square sections with stones or blazed trees to mark the corners Then the militia swept the country of every unofficial being and the government having duly advertised the date of this grand gift distribution some body fired a pistol into the air at the time selected and nearly one hundred thousand desperate greedy folk burst through the boundaries and ran for prizes They had come from distances near and far and had camped for days near the border with a saddle horse, a buggy or a [illegible] and team and for hours before the [illegible] had stood in line restrained by the militia In that mad race brute strength [illegible] ness and blind disregard of others [illegible] what was If a racer's horse [illegible] rode over him, if a neighbor [illegible] so much the better [illegible] were not [illegible]

Galveston Relief Fund Assuming Good Proportions

RELIEF TRAIN IS POSSIBLE

Ranchman Robbed of the Proceeds of a Load of Cucumbers—Another Victim of Mill Ditch

Denver Bureau,
Colorado Springs Gazette

Denver Sept 12 The Galveston relief fund in this city is assuming good proportions All of the papers have headed separate lists with $100 subscriptions

The Democratic convention raised between $800 and $900 The amount that will be sent from Denver will be in the neighborhood of $5,000 The Medical association of Denver has offered to send a relief train of physicians if they are needed Vice President Winchell of the Colorado & Southern railroad said that his road would haul all supplies free of charge that are for the relief of the city It is thought a special train will be sent— A number of Denver people have lost friends and relatives but a [illegible] list can not be obtained at present

Ranchman Robbed

[illegible] yesterday in a down town saloon Mr Marshall is a ranchman and had sold a load of cucumbers in the city for the above amount Afterward while in a saloon some one relieved him No arrests have been made

John C[illegible] aged [illegible] was drowned in the mill ditch here yesterday He and some playmates were playing along the bank and he fell in Before help could be summoned he was dead This ditch has been the cause of many deaths and should be covered

Bishop Fowler's Eloquence

About 500 people heard Bishop Fowler's masterful address on Lincoln last night at the Trinity M E church The lecture was pronounced to be the grandest oratorical production ever listened to by a Denver audience

Wilbur C Lothrop died at his residence No 1811 Franklin street last night At one time Mr Lothrop was one of the widest known Republican politicians of the state Mr Lothrop was [illegible] in 186[illegible] and has been a resident of the city ever since The funeral will be held from his family residence tomorrow

The new Denver and Black Hills line will be opened by the Burlington railroad next Sunday night The first train will leave Denver at 11 30 Over the new line it is 455 miles to Deadwood or 100 miles shorter than any other line

ACCIDENT AT SUNSHINE

Alexander Smith Fatally Injured in a Boulder County Mine—Robert Smith Badly Hurt

Special to the Gazette

Boulder Sept 12—The news of the death of Alexander Smith and the serious injury of his brother Robert was received this morning from Sunshine

The men were working together in the bottom of the 325 foot shaft of the Interocean mine when suddenly the timbers supporting a hopper some 30 feet above them gave way This together with a large quantity of ore which was being loaded into a bucket fell a distance of 60 feet burying the two men The men were dug out Robert Smith with his scalp cut and his leg broken while Alexander was found with a broken neck

Both were placed under surgical attendance but at 11 o clock last night Alexander died

The deceased leaves a wife and three children He came from Calhoun Mo about two years ago and has since that time been employed almost continuously in the Interocean

ROSY TEACHERS

Look Better in the School-Room than the Sallow Sort

Young folks naturally like comely objects and a good looking healthy teacher can do vastly more with pupils everything else considered than the skinny dyspeptic teacher can The instructor in Latin and mathematics in a young ladies seminary at Macon Ga had an experience worthy the attention of any teacher

She kept running down a little more each year until finally a genuine case of nervous prostration set in and she was confined to her bed for eight months a perfect wreck physically and mentally She and her friends thought it was due to overwork but she now knows it was due to improper food

Of course the physicians were called in but there is almost nothing that can be done in such cases except to rely on well selected food and proper care She was put upon Grape Nuts all medicines also tea coffee and iced drinks were taken away She had Postum Food Coffee once a day The larger part of her food was Grape-Nuts for this food is made with special reference to rebuilding the gray matter in the brain and nerve centers

The lady says I had been reduced to 95 pounds in weight when I began using Grape Nuts The new food was so delicious and strengthening that I felt new life at once I have now developed into a perfectly healthy happy stout woman weighing 13[illegible] pounds the greatest weight I ever attained and have a wonderfully clear fresh rosy complexion instead of the sallow [illegible]

"I never now have a symptom of dyspepsia nor any other ache or ail Am strong physically and I particularly notice the strength of mind I never experience that tired weary feeling after a hard day's labor that used to appear My brain seems as clear and active at night as it was in the morning and I am doing twice the amount of work I ever did Don't use my name in public please, but I will answer inquiries" Name can be obtained from Postum Cereal Co, Ltd, Battle Creek, Mich.

PEACH DAY AT GRAND JUNCTION

Varied Entertainments Furnished to the Crowds

FAMOUS PEACHES FOR ALL

Street Parade was Unusually Elaborate Sham Battle Between Pioneers Association and Redmen.

Special to the Gazette

Grand Junction Sept 12—Many and varied were the attractions in connection with the Peach day celebration in this city today

This forenoon fully 1 500 people witnessed the game of baseball between the Telluride and New Castle teams at the ball park in the east part of the city From start to finish the game was a spirited one and resulted in favor of Telluride the score standing 1 to 6

At the city park during the noon hour there was a free distribution of choice fruit to the thousands of strangers and hundreds of baskets of the famous Grand valley peaches were disposed of to the waiting crowds

The street parade from 2 to 3 consisting of merchants floats secret orders [illegible] of cowboys Indians in native costumes and Bungling Bros circus and menagerie was as grotesque as it was original and afforded an immense amount of pleasure to the crowds along the line of march

Prof Frank Frasier of Denver made a balloon ascension and parachute drop at [illegible] o clock and following the balloon ascension the Leadville drum corps gave one of their popular silent drills on Main street the Glenwood Springs band furnishing the music

The big sham battle at the City park between the Pioneers of the Pacific and Redmen occurred at 8 o clock The pioneers went into camp at 7 o clock They started their big campfire and proceeded to cook and serve supper as in the days of the pioneers They placed a sentinel on duty and he was killed by the Indians This gave notice that the camp was attacked and within a short time several of the pioneers were captured and were being burned at the stake While the prisoners were suffering at the stake a squad of United States soldiers (member of Troop A) rushed to the rescue of the prisoners [illegible] Dead Indians were scattered all over the park grounds and the scene was truly realistic Over 1 000 rounds of blank cartridges were used during the sham battle

FLORENCE

Huerfano County Coal Sewer System Bids—Over Crowded Schools—Sunday Baseball Games

Special to the Gazette

Florence Sept 12—The Black Diamond Coal company was organized in this city this week by C W Neff and [illegible] and will operate in the northwest corner of Huerfano county about 20 miles from Silver Cliff Five hundred acres are controlled by the company and men have gone from here to [illegible] operations on a 150 foot slope it requiring this amount of work to reach the coal Two veins exist on the claim and being a small vein of three feet and eight inches in thickness while the other is very large it being 2 feet thick There is a shaft on the property at present but has not been driven to a sufficient depth to reach the large [illegible] The slope will be completed in from two to three months and it is thought that regular shipments will then be made

At this week's meeting of the city council the city attorney was instructed to advertise for bids for the construction of the sewer system which will be built here this fall The bids will be opened on Oct 10 The estimates as yet have not been completed by the city engineer The city council has been juggling with the sewer question since last April and could not come to an agreement on boundaries but a compromise has now been effected

The school board has rented the basement of the M E church and is fitting it up and installing seats The scholars will be accommodated in this until the Emerson school house in the West End is completed which will be about the first of November Owing to the non completion of the new school house the buildings being occupied are overcrowded and many small children are unable to attend One hundred scholars were sent home yesterday

While a game of baseball was being played between the local and Rockvale teams Sunday the game was called to an abrupt end by a free for all fight A young man of Florence was accosted by a crowd of half dozen young men from the coal camp and while interfering another young man from this city was chased to the Rio Grande tracks and was given a severe beating Today the United Oil company upon whose ground the game was played is advertising that no more games will be played on these grounds on Sundays

The Teamsters union has received its charter from the secretary of the state federation and also the charter for the Musicians union

ANACONDA

Special to the Gazette

Anaconda Sept 12—The Ladies of Maccabees gave an entertainment in the public hall last night The entertainment consisted chiefly of the cantata the Capture of Red Riding Hood and Her Rescue This was rendered in a most creditable manner by 25 attractive young women A large and appreciative audience was present

The baseball team won another victory last Sunday The vanquished nine were picked from the best clubs in the district The score was 11 to 4

Robert and Mrs Gardner returned this morning from Colorado Springs and Manitou where they have been visiting for a week

The Redmen gave a very enjoyable dance in the public hall Monday night

Robert Davis and Day Spell returned Monday from Montana where they have been for three months

THE NEWS OF CRIPPLE CREEK

Mc Namara Placed Under Bonds to Keep Peace

REPUBLICAN CLUB MEETING

C W Wells and B Clark Wheeler Were the Orators of the Evening—Numerous Cases in Court.

Cripple Creek Bureau
Colorado Springs Gazette

Cripple Creek Sept 12—A G Roberts today swore out a warrant for the arrest of Margaret Stevens alias May Carpenter his former wife He charges Mrs Stevens with abducting their daughter Julia I Roberts who he says is under 16 years He claims that when he secured a divorce the court granted him the custody of the child Mrs Stevens was released on her own recognizance to appear before Justice McCullah next Monday

McNamara Under Bonds

D M McNamara was arrested again today and placed under peace bonds of $500 The Colorado Trading and Transfer company this morning sent some men up to Windy Point to fill up the shaft which McNamara had started to dig in the roadway and McNamara got after them making various threats The charge lodged against him today is that of assault and breaking the peace

W L Parker today swore out a warrant for the arrest of John L Searry charging him with cutting timber from his property the Amazon Andes and Avalanche claims located on Bernard creek Searry sells timber to the mines in the district which is used in timbering the shafts The date of his trial was not set by Justice McCullah but he was allowed to go on his own recognizance

Republican Club

The Republican club tonight held a meeting in the district court room where a large and appreciative audience greeted C W Wells and Hon B Clark Wheeler two good speakers Mr Wells besides being a staunch Republican is considerable of an orator and interested the audience for about an hour The branded the anti imperialism of Bryan and his followers as treason from the fact that they lend aid and comfort to the enemy of the nation He read several paragraphs of the Constitution of the United States to support his allegation

Several cases were disposed of by Judge Seeds today in the county court Judgment of $102 by default was entered for the plaintiff in the case of A Rehrig vs Ed Chamberlain et al

Judgment of $79 82 by default was given H E Insley against E E Daly et al

A judgment of $350 88 was given for the plaintiff by default in the case of C C Hastin vs Belle Graham

A divorce was rendered to June R Carpenter from Henry Carpenter on the ground of non-support

The cases in which several parties are charged with selling liquor without a license are set for hearing Friday, Sept 14

The case of the people vs Joseph Crumby charged with truancy was dismissed at request of the prosecution as was also the case against John G Morgan in which he is charged with the non-support of his family

The civil docket of the county court will be reset Friday morning at 10 o clock

Alex Briley vs John Dacht et al is a foreclosure suit [illegible] in the county court of El Paso county which was filed today in the county court here It was brought to foreclose a lien of $323 10 against the premises on lots 14 and 15 block 2[illegible] in this city, known as the Topic theater

Loveland Races

D J Slyer chief of the fire department has received a letter from the fire chief of Loveland inviting the volunteer fire team of this city to take part in the races which will be held in that city Sept 26 27 and 28 A meeting of the volunteer fire team of this city will be held at the central fire station to determine whether or not the invitation will be accepted

George C Conway age 32 died of tuberculosis at 4 o clock this morning at his home 329 May avenue The remains are at White's undertaking parlors no funeral arrangements have yet been made

Mrs Mary Brooks who was arrested in the Clipper theater dance hall last night very much under the influence of liquor was fined $5 and costs in police court tonight on the charge of being drunk She was allowed to go on payment of costs

COLORED MEN'S CLUB PASSES RESOLUTIONS

The Colored Men's Progressive club in regular meeting assembled unanimously passed the following resolutions

Be it resolved That we indorse the official acts of Constable Geo Hackley and are heartily in favor of his renomination and election

We furthermore indorse the candidacy of Hon P J Barnard for state representative and pledge to him to use all fair and honorable means for his nomination

Be it further resolved by the members of the Colored Men's Progressive club that inasmuch as the colored voters of this city and county have always been loyal and worked for the interest and success of the Republican party that such loyalty and devotion to the party and its principles has heretofore been inadequately recognized in the distribution of party patronage we feel that we according to our numerical strength have been unfairly and unjustly treated by those in official authority We say without fear of successful contradiction that the success of the party at the polls last fall and last spring could not and would not have been obtained but by the unfailing loyalty of the colored voters of the county and city Such devotion and loyalty were repaid by promises which were and have been unjustly and flagrantly violated Therefore we deem it incumbent upon us as men and citizens to denounce in unmeasured terms those in official authority of the party who have knowingly and persistently refused to accord to our race suitable representation that was justly due

We sincerely hope and expect that those in authority will remedy this rank injustice to us and our race in this city and county

We reaffirm our unwavering allegiance to the principles of the Republican party and to the national administration but as men and citizens we demand just and fair recognition

W H Duncan
President Colored Men's Republican Club
J H Carrington
Secretary.

GOUDY AND BRADY SPEEK AT TEMPLE

The meeting of the Republican club on Saturday night will be held in the Temple theater and will be preceded by the first flambeau marching club's parade seen in this city this campaign Mr C I Tutt has presented the Republican club with 100 Uncle Sam torches the latest thing out in campaign torches and these will be used in the parade

At the meeting in Temple theater the speakers will be Hon F C Goudy of Denver and Mr Edward C. Brady of Cripple Creek Mr Goudy is the well known Denver attorney and platform speaker and one of the leading Republicans of the state and Mr Brady was a soldier in the First Colorado volunteers and went through the whole volunteer campaign in the Philippines He was formerly prominent in politics in Kansas and stumped that state in 1896 with F B Dawes who made such an interesting speech in this city some time ago Mr Brady was also one of the seven men who bolted the St Louis convention with Senator Teller His address on Saturday night will be on Expansion and the Philippine Question from Practical Observation

Theodore Roosevelt

STATESMAN, HISTORIAN, ECONOMIST, AUTHOR AND SOLDIER, GOVERNOR OF NEW YORK, AND CANDIDATE FOR VICE-PRESIDENT OF THE UNITED STATES

Promptly upon Governor Roosevelt's nomination for the Vice-Presidency, the leading Republican and Independent newspapers, believing they would be rendering a public service, formed an association to act as one buyer of an enormous edition of Governor Roosevelt's writings so that all newspaper readers could obtain a fine library edition at a nominal price The representative of the papers arranged with Governor Roosevelt's publishers, Messrs G. P. Putnam's Sons, to obtain from them a limited edition to be sold for

$7.50 A Set in Cloth Binding, instead of at $24.50

the price which has heretofore prevailed This edition is

To be SOLD to NEWSPAPER READERS ONLY

in sets of Fifteen Volumes for $7 50 or in single Volumes

For 50 Cents a Copy

They also arranged for a limited number of copies to be bound in paper covers with untrimmed edges, so that those desiring it could have the works bound in half calf or other fine and expensive binding as individual taste might desire In this form they will be sold for the almost nominal price of $3 75 for the set of Fifteen Volumes, or in single volumes

For 25 Cents a Copy

The Messrs Putnam's well known and well deserved reputation as makers of fine books renders a further description of this beautiful edition unnecessary

It may be stated however, that amongst the illustrations will be found three separate portraits of Governor Roosevelt as huntsman, soldier and in civilian dress, and that

GEN. FRANCIS VINTON GREENE

has written a biographical sketch of Governor Roosevelt which will appear in this edition only

Remember the price heretofore in cloth binding cheapest edition has been $24 50 and in finer binding up to $100 a set at which many copies have been sold

The present price of 25 cents a volume or $3 75 for the set in paper covers and 50 cents a volume or $7 50 a set in cloth binding has been made with Governor Roosevelt's approval to enable all his friends and admirers (and they are legion) as well as his opponents who are honest in their desire to know him as he is to secure the set of these works at a moderate price They will form a permanent and valuable addition to every library The edition is limited and after newspapers have made the distribution to their readers the regular price of $24 50 a set will prevail Therefore delay in ordering now may lead to disappointment.

Fall Styles

IN

SHOES

for Men and Boys have arrived

The fall and winter seasons in Colorado are particularly hard on shoes, and good, durable and E-Z shoes are more in demand from early fall to early spring than at any other season. We've prepared for the demands of the weather and for the needs of all classes of wearers. Black shoes will be the most popular, and especially in enamel with heavy soles and Scotch edges.

Heavy Tans will remain in popular favor, being so well suited to our dry, sandy soil.

Our shoes fit your feet, your mind and your purse.

22 S. Tejon Street

New School House For Colorado City

Colorado City is to have a new school building before the reopening of schools next year. At a special meeting of the school board, held Tuesday evening at the home of F. F. Schreiber, preliminary arrangements were made. It was decided to circulate a petition and arrange for a special school election, at which to vote bonds for the new building. The petition was circulated yesterday and the necessary twenty-five names of tax-payers were secured. The members of the board have decided to hold the election on Oct. 4.

It is generally believed that the bonds will be voted without the least hesitation on the part of the taxpayers and the new building will then be commenced as soon as possible. The school board will secure plans and specifications and after making a selection bids will be advertised for and the contract let.

Ground for the new building has already been secured. It is located on Ninth street and extends from Jefferson to Monroe avenues. Several weeks ago the school board purchased 15 lots located on the above-named site from W. A. Love and others. The deal involved the expenditure of $3,600.

The new school will cost $20,000, and will be the finest building of the kind ever erected in Colorado City. The members of the school board are of the opinion that if it is worth while to erect a new building at all it is better to build one that will answer all necessary purposes. The building will be two stories in height, not including a basement, and will contain six large class rooms, beside the necessary hallways. It will be built of the best grade of pressed brick and other material used will be of the best quality. Modern systems of steam heating and ventilating will be installed. The entire building will be constructed according to modern plans.

The members of the school board feel that the district is now well able to pay for a new school building, as its financial condition is better than it ever has been. Three years ago the district had a floating debt of $11,000 and a bonded indebtedness of $18,000. Since that time the entire floating debt has been wiped out and $11,000 of the bonded indebtedness has been paid, leaving the district in debt only $7,000. Aside from this the board has erected the new school building on the Bancroft grounds and has purchased a site for the proposed new building.

NEWS AND NOTES OF COLORADO CITY

A number of valuable improvements are being made at the Colorado Midland offices at Colorado City. The offices of Purchasing Agent Davids and those of Superintendent of Machinery Groves are being overhauled and renovated so thoroughly that they will have the appearance of new rooms. The walls are being calcimined and the woodwork is being revarnished. The floors are also receiving new coats of paint. Temporary quarters are being used, but the offices will be ready for use by the first of next week.

The remains of Oscar Everhart were brought to this city last Monday evening from Cripple Creek, where his death occurred the day before. The funeral was held yesterday afternoon at 2 o'clock from the home of his sister, Mrs. Ernest Waycott, on the corner of Colorado avenue and Fifth street. The services were conducted by Rev. J. E. Carpenter of the Church of the Good Shepherd and were quite impressive. The funeral was attended by a large number of relatives and friends. The interment was made at the Evergreen cemetery at Colorado Springs.

Supt. Grafton reports that the work of the city schools is being commenced in a most gratifying manner and no difficulties have thus far been encountered. About 30 pupils have been enrolled at the different buildings since the first of the week and all the rooms are well filled.

H. C. Kinsman reports the sale of a three-room house and lots 3 and 4, block 118, from Lazard Cahn to Mrs. M. R. Wister.

Mr. J. R. Groves, who was recently appointed to the position of superintendent of machinery for the Colorado Midland with headquarters at Colorado City, has gone to Springfield, Mo., to make arrangements for the removal of his family to this vicinity. He will return to this city next Monday and his family will follow him within a few days.

Mr. R. T. Godfrey returned home Tuesday from a few days' visit with relatives in Monroe, Wis. When he left home last week he expected to remain in Wisconsin for several weeks for the benefit of his health, but he changed his mind shortly after arriving at his destination. One day while he was sitting out in front of the house where he was stopping he saw an omnibus coming down the street. He decided to come home and asking the driver to stop long enough to allow him to get his satchel, he packed up and made a hasty departure for home. He says that the weather and country did not suit him as well as his own home, and he did not care to stay longer.

Mr. N. B. Rames was in Denver during the first of the week attending the state Democratic convention.

Miss Belle Larimer of Creston, Ia., is expected to arrive in the city today for a few weeks' visit. She will be the guest of Miss Lucas during her stay here.

George Matthews and Robert Leeds engaged in a lively street fight last Monday evening on Colorado avenue. Both men were arrested and locked up in the city jail. They appeared in police court Tuesday morning to answer to charges of disturbance. The police magistrate found them guilty and fined them $10 and costs each. They could not pay the fines and were returned to jail.

Mrs. George Geiger and child returned Tuesday from Pueblo, where they spent two weeks visiting with relatives.

Henry Keys has been in Denver for several days visiting with friends and relatives. He is expected home the last of the week.

H. D. Gilmore, a Colorado Midland fireman, went to Denver last Sunday to spend a few days visiting with friends.

D. A. Cross was in Cripple Creek the first of the week looking after business interests there.

Mrs. C. C. Davis has gone to Cripple Creek to spend a few days with relatives and friends.

A. D. Hensley expects to go to Denver next Sunday to spend the day with friends.

Mrs. A. McMahon, who has been visiting in Denver for several days, is expected to return home the last of this week.

Mrs. D. J. Grace expects to go to Denver next Saturday to visit with friends for a few days.

W. H. Bosworth will go to Denver next Sunday to spend the day with friends.

DEATH

to the germs means health to humanity.

The germs which cause Catarrh and Bronchitis and the Grip prepare the way for those which cause Pneumonia and Consumption.

Dr. Geo. Leininger's Formaldehyde Inhaler kills all these germs even when they have lodged and begun their work in the deep seated air passages of the lungs themselves.

Geo. T. Hawley, M. D., Professor of Lung and Throat Diseases, Chicago Clinical School the largest Clinical School in the world, says, in writing to Dr. Geo. Leininger:

"I have been using your Formaldehyde Inhaler for Catarrh, Asthma, Bronchitis, Coughs, Colds and other Nose and Throat and Lung diseases. I have found it superior to any remedy so far discovered."

Sold on a guarantee at all druggists [illegible] cts. or direct. THE DR. GEO. LEININGER CHEMICAL CO., Chicago, Ill. Booklet mailed free.

DR. GEO. LEININGER'S

Formaldehyde

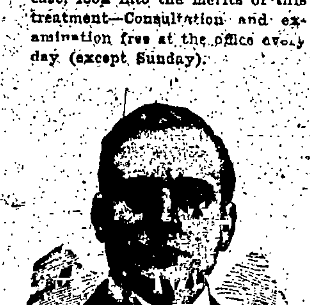
KIDNEY TABLETS

is a new wonderful antidote to the germs of Kidney, Liver and Bladder diseases, and the only remedy of the kind ever introduced. Sold at all druggists at [illegible] a package.

Sold and Recommended by
HEFLEY-ARCULARIUS DRUG CO.

THE FLAT HEADED INDIAN

Is almost extinct—The idea that a physician can scatter his energies over the entire field of medicine and treat successfully all the diseases flesh is heir to; is also fast becoming a thing of the past—Dr. Ellison came to this conclusion years ago, and for over ten years has limited his practice to Consumption, Asthma, Catarrh, Hay Fever and Chronic Diseases—If you have an obscure chronic disease, look into the merits of this treatment—Consultation and examination free at the office every day (except Sunday).



When a man is concentrating his undivided attention upon the thing with which he is engaged he can render to those he serves and himself results which reach the nearest possible degree of perfection. Every man with ambition likes to succeed and should desire and diligently seek to excel. Dr. Ellison's conception of success and the best way to achieve it is that it is better to devote one's entire time and energies to learning a few things well than to scatter the same amount of work over a more extensive field of effort. He has been learning how to cure chronic diseases for the past ten years. In fact he is learning every day in a better and more effective way how to treat consumption, asthma, catarrh, hay fever and chronic diseases of men, women and children. Every day presents new thoughts and ideas of the most successful methods by which these diseases can be treated. The doctor is just as diligent in the study of his specialty as he was ten years ago, and all who suffer from seated diseases can employ him with a reasonable expectation that they will secure desired results. People who decide to treat with him for the diseases he treats as a specialty have reached an intelligent conclusion and they can investigate his treatment and have their cases examined free of cost. If you can not come to his office, write. The treatment can be taken at your home. Office, 21 North Tejon street (over Craigue's grocery store). Office hours: Mornings from 9 to 12; afternoons from 2 to 5; evenings from 7 to 8 o'clock.

SPECIAL NOTICE Dr. Ellison gives free consultation and examination every day except Sundays, from 11 to 12 a. m. and from 4 to 5 p. m.

IN POLICE COURT

Frank Anderson and Joseph Welsh, who were arrested Tuesday afternoon for drinking in a public place, appeared in police court yesterday morning and were fined $5 and costs each. Both paid the amounts and were released.

Mike Sokol, an Austrian miner, who was arrested Tuesday morning for being drunk, was fined $7 and costs. He paid the fine and was permitted to go his way.

Mickey McGraw, an old-time friend of the police department, appeared in court on a charge of being drunk. He was fined $7 and costs, but he could not pay the amount and was returned to jail.

D. Jones and John O'Malley were found guilty of charges of drunkenness and fined $2 and costs each. Jones was committed to jail but O'Malley paid his fine and was released.

Carl Ditmer, a coachman, was arrested yesterday for striking a small boy in the face. He was ordered to appear in court this morning at 9:30 to answer to the charge.

IN JUSTICE COURTS

In Justice Wing's court yesterday the case of the F. F. Roby Flour, Feed and Storage company vs. McCoy was continued 20 days under the statute; notices ordered posted.

The case of Waters vs. Clough was continued until September 18 at 2 o'clock p. m.

A replevin suit entitled G. W. Gatewood vs. J. W. Coffey was filed. It was set for hearing on September 19 at 10 o'clock.

In Justice Ruby's court yesterday Harry Johnson filed a money demand suit against William Belden for $37.67. The case was set for hearing on September 15 at 9 o'clock a. m.

A money demand suit was brought by Matthew Conway against Geo. B. Merrick for $3.75. The case was set for September 15 at 9 o'clock.

Harry Johnson brought suit against O. E. Rickerson for $43.90. The case was set for September 15.

ART COLLECTION OPEN TO PUBLIC

The collection of pictures in the Perkins Fine Arts building at the college will be open to the public on Saturday and Wednesday afternoon from 2 to 5 o'clock. No fee is charged and the public is cordially invited to avail itself of the opportunity. The opening day will be Saturday of this week. The exhibition at present consists of the Hagerman loan collection, the Burns Japanese exhibit, the pictures of Iwill, Harvery Young and Leslie Skelton. An attendant will be present to give such information as may be desired.

BFANE-HEIDEL

Yesterday afternoon Miss Minnie Heidel of Denver and Mr. Percy W. Benne of Chicago were married. They left last evening over the Rio Grande for Salt Lake City on their wedding tour and expect to be gone about 10 days, after which they will return to Denver and make their home at the Oxford hotel.

Investigate the acre tracts I am offering.
Chas. P. Bennett,
5 Pike's Peak ave.

$15,000

5 lots, corner Cascade and Boulder, each lot 25x190 feet, two large frame residences, 16 rooms each, large barn; the ground is worth more than we ask for all.

$22,000

Corner, 100x190, large 22 room modern house, 2 hot water heating plants; rents for $250 per month. This is a good paying investment.

$17,000

100x140, corner, one block from business, two houses, pays good interest on the price.

$11,000

Modern 16 room house, lot 95 feet front by 350 feet deep, lawn, shade, nice location; will rent for $150 per month. This is a big paying investment.

$4,500

A four section brick flat near Depot hotel, 56x100 feet of ground, pays rental of $48 per month.

We have plenty of good paying investments in Colorado Springs Real Estate.
C. E. TYLER & CO.,
17 North Tejon St.

IRVINE & COTTON.

The Cunningham addition lots are about all gone. If you want to get one of these lots cheap and on easy terms come soon; only a few left.

We have sold the acre tract close to the Santa Fe depot that so many were after, but still have acre tracts close in north and east at $300 per acre.

We have a full lot and seven room house all in good order one-half block from car line for only $1,100.

We can sell you a fine corner lot and five room house very close in, south, for only $2,600.

We can sell you a seven room house, bath, closet, electric lights, gas range, furnace, etc., located a block from business, for only $4,000.

Think of it. $1,500 buys a six room house, bath, closet, electric lights, full lot, east front, located five hundred block north Weber street, lot alone worth more money.

We have sold a lot of north end corners on the best streets; however, have a few bargains left in that end of town.

Special bargains on west side, vacant lots and improved property.

We are very busy these times selling property all over the city. Haven't the time to advertise all of the snaps. If you wish to buy or sell, come to us. We have located both snaps and prospective buyers.
IRVINE & COTTON,
23½ N. Tejon street.

WHAT AGUINALDO PROPOSED

NOTHING is more clearly established by the facts than that Aguinaldo was not the leader of a people striving to establish freedom for themselves but he was the chief of a band of adventurers seeking to obtain control of a group of islands for their own selfish purposes

The opportunity for this came by reason of the preliminary protocol between Spain and the United States Spain was powerless to check the spread of insurrection the United States had no authority to extend its operations beyond the lines already occupied by our soldiers [illegible] it He organized rebellion throughout the island established his authority by the most despotic and unscrupulous means murdered imprisoned and terrorized those opposed to him and finally attacked the Americans because they would not give him permission and authority to subjugate the islands and to plunder the city of Manila and to massacre its inhabitants The government established by Aguinaldo was not a free representative government It was not created by the demand of the people of the island and it was not supported by the people

To have recognized the authority of Aguinaldo and his government would have been to place the Islands in the hands of a cruel and bloody despot It would have been to abandon our friends in the islands to the revenge of our enemies It would have been to break our pledges and to ignore our solemn obligations It would have been to rescue the people of the island from Spain in order to abandon them to a local tyrant infinitely more cruel and rapacious The pretense that Aguinaldo represented a party of freedom or that his revolt was a national movement similar to the American revolution is without any basis of fact a fiction conceived by those who were either ignorant of exact conditions or who wilfully ignored the facts because they were not consistent with their partisan prejudices

[illegible] privilege of establishing his personal despotism over the Tagals and with their help over the other tribes of the islands To have granted that request would have been a national infamy and disgrace The American congress wisely and properly refused to yield the islands to such a demand By ratifying the treaty of cession it threw over them the protection of the American flag and made it a part of the constitutional duty of the American president to oppose with all the power at his command the outrageous and insolent attempt of the Tagal adventurer to drive the Americans by force from the island This the [illegible] has done so thoroughly and effectively that if it were not for the efforts of Democratic politicians to obtain campaign material in flagrant disregard of national interests and honor the insurrection would already be extinct and the islands well started on their way towards peace order and self government

THE SWITCHERS.

ABOUT the usual number of persons more or less prominent are changing from one political party to another with as much publicity as comports with their past standing and present influence It would be easy to publish column after column of names of persons who have changed from McKinley to Bryan or from Bryan to McKinley and a shorter list might be compiled of newspapers which have changed their political attitude in the past four years The net result of all these changes is probably comparatively small There will always be people to share in the sentiment attributed to Mr Gladstone that consistency is a virtue of weak minds there will always be those who believe with good reason that there is no sense in continuing to support a mistaken opinion because it was once an opinion honestly held and there will always be the usual proportion of those who switch from one party to another because they feel that they have not received the recognition that their ability and importance warrant

What is of far more importance than the names of those who have switched in the present campaign is the reason that has caused the change

On the part of the voters formerly for Bryan who now advocate the re election of President McKinley the most usual reasons appear to be that President McKinley and the Republican party have fulfilled their pledges they have done all they said they were going to do and they have done what their opponents four years ago declared to be impossible. Another reason is to be found in the abandonment by the Democratic party of silver as a paramount issue and the exposure of the Democratic pretense that it could or would re establish silver as a money metal of equal standing with gold Still another reason for the new converts to the Republican faith is to be found in the attack made by the Democratic party upon the national policy in the Philippines the alliance of that party in sympathy with rebels against our authority and the belief of the falsehood and deceit of the issue of so called anti imperialism These are good and sufficient reasons for a political change for they are important changes in party attitudes and conditions

On the other hand the reasons advanced by Democrats for their return to the party ranks include on the part of eastern Democrats the allegation that while the free silver plank remains in the platform that platform does not mean what it says and that silver is no longer an issue By others it is claimed that the senate is safe for the gold standard anyhow so that a Democratic president could not affect the monetary system unfavorably if he desired to do so By others it is alleged that the Republican party is committed to imperialism and militarism and that the safety of the republic requires the election of a Democratic president Others base their action upon an alleged connection between the Republicans and the trusts, and look to Mr. Bryan to save the country from this peril

So far as these latter reasons are concerned they are neither sufficient nor good The man who gives 'imperialism' or "militarism" or "trusts' as a reason for voting for Democracy and against the Republican party however sincere he may be, is not reasonable in his political basis of action

After examining the reasons set forth on both sides it appears that in most cases the so called changes of political sentiment are in reality only a reversion to a former political faith Republicans who voted for Mr Bryan four years ago are going to stand by the party and its candidate this year; Democrats who voted against Mr Bryan four years ago, will vote for him this year There are undoubtedly some Republicans who will vote against imperialism, and some Democrats who will vote for expansion, but the number is smaller than is generally supposed

MUNICIPAL TAXATION.

THE statistics already furnished by the national census of 1900 reveal some very interesting facts in regard to municipal taxation and the purpose for which the city revenues are spent The figures at hand relate to 19 of the principal cities of the country ranging in population from Chicago with 1,698 575 inhabitants to Omaha with a population of 102 555

The amount of the annual appropriation for municipal expenses ranges from $22 432 538 in Boston to $860 000 in Denver The per capita for municipal expense in some of the leading cities is as follows Boston $40 Pittsburg $21 Buffalo $18 Philadelphia and Detroit $15 San Francisco $16 Baltimore $14 St Louis $13 Minneapolis $11 St Paul $10 Omaha Louisville and Milwaukee $9 New Orleans and Toledo $7 Kansas City Indianapolis and Denver $6

In apportioning the revenue to various accounts Pittsburg leads the list in the per capita applied to street cleaning with $1 05 for each person in the city Pittsburg may be the smokiest city in the country but shows commendable diligence in endeavoring to preserve its personal appearance According to the list Minneapolis expends no money for this purpose but whether this is an actual fact or a defect in the census we are unable to state The figures for some other cities are Chicago 62 cents Baltimore 74 cents Denver 19 cents and Omaha 21 cents

For the per capita expended on parks Chicago leads the list with $1 50 Minneapolis comes next with $1 09 Buffalo expends 83 cents Kansas City 82 cents Omaha 44 cents Denver 38 cents Milwaukee [illegible]7 cents and New Orleans is least of all with only 15 cents for this purpose For police Boston expends $3 per capita St Louis $[illegible] 80 Chicago Philadelphia Buffalo and Detroit $2 apiece Denver $1 0[illegible] Toledo 85 cents Omaha 80 cents the latter city being lowest on the list with the exception of New Orleans whose expenditure for this purpose is not given For fire department Chicago expends the most money or $1 [illegible] but the largest amount per capita is expended by Detroit amounting to $2 30 for each person in the city For this same purpose Boston expends $2 per capita Buffalo $1 [illegible] Denver $1 20 Toledo 96 cents Baltimore 90 cents Philadelphia [illegible] cents the latter city being the lowest on the list

What is most notable about these figures is that there is a vast difference in the municipal taxes in the different cities of the country and that these differences bear no corresponding relation to the local situation and circumstances and apparently no relation to the results obtained It is impossible to resist the conclusion that the taxes in a great many cities are raised not for the exclusive benefit of the people but also for the benefit of the persons controlling its affairs or for those who have business relations with the city not based upon business principles It is rather surprising that the city of Denver should make such a good showing as it does but possibly there are some reasons due to climate and general character to account for these without imputing superior honesty to the city government

The figures certainly form a strong argument against ring rule and for reform in municipal government of the larger cities

AMERICAN SOLDIERS NOT THIEVES.

WE are glad to be able to present the authoritative and official denial of the stories of the share of American soldiers in the plundering and massacre at Tien tsin The Associated Press yesterday morning gave the facts in a dispatch from Chi fu which is of sufficient intrinsic value to warrant republishing

'Chi fu—To Corbin, Washington Tien tsin July 25 —Looting by American troops walled city Tien tsin unfounded and denied Silver taken from burned mint under direction Colonel Meade marine corps commanding who was invalided today No property destroyed except under military exigency American troops have orders to protect life and property of non combatants in American southeast quarter of city assigned them Will forward reports commanders of American guards in city Coolidge '

Supplementary to the above Colonel Coolidge also transmitted the reports of Major Waller of the marine corps Major J M Lee commanding the first battalion of the Ninth infantry and Major Morris C Foote commanding Company M of the Ninth which latter were the first American troops to enter the city and also an additional report signed by himself all of which bear witness that the United States troops had no hand in the looting at Tien tsin Indeed all the reports indicate that the Chinese themselves were foremost in the looting and that pillaged property covered the streets before the allied forces entered the city

The report of Major Foote while excluding the Americans from any share in the plundering testifies that looting was indulged in by the troops of other nations

The horrible condition of Tien tsin when the city was occupied was referred to in Major Lee's report The stench from unburied corpses and refuse is said to have been terrible although everything possible was done by the American forces at least to bring order and cleanliness out of the chaos and filth that reigned in the streets of Tien tsin

Self-respecting Americans should be very slow to credit stories of robbery or of cruelty on the part of American soldiers either in China or the Philippines Our soldiers are under severe discipline and both officers and men are not surpassed in character by any in the world

AN ACTOR'S OPPORTUNITY.

TO an actor in this city on Tuesday came the opportunity of a life time The leading man of the company was ill and this actor was summoned in the morning to play in the evening a part that required weeks of careful practice and training Like Dewey at Manila he saw his opportunity He played the part and he did it in a way that secured the well-earned and enthusiastic approval of the audience and by doing it he made a greater advance in his profession in that one day than he might have done in years of ordinary work We congratulate Mr Morgan upon making [illegible] opportunity in the way that he did and hope that he may date his career as one of the leading actors of the country from the day he played Sydney Carton in Colorado Springs

The Colorado Democratic platform has the gall to congratulate the people upon the union of Reform forces in this state Considering the source reform" is good very good

FROM THE PRESS OF THE NATION.

Flaws in Bryan's Programme.

(New York Tribune)

The more it is studied the more flaws appear in the easy honest and honorable solution of the Philippine question which Colonel Bryan fathered in his Indianapolis acceptance speech. That solution was in brief to set up a stable form of government in the Philippines, to recognize native independence and finally to guarantee the Filipinos that protection from foreign interference which is accorded under the Monroe doctrine to the lesser American republics In both his Indianapolis and Topeka addresses the Democratic presidential candidate struggled with specious sophistry to identify conditions and duties in the Philippines with those which have arisen through the fulfillment of this country's pledge to give stable government and liberty to Cuba

Who will draw the line the Nebraska leader exclaimed, at Indianapolis, between the natural rights of the Cubans and the Filipinos? And ignoring the totally different relations in which Cuba stands to the United States through treaty pledges and legislative enactment he shiftily demanded an application in the Philippines of that policy of nationalization which in Cuba has already taken definite and mutually satisfactory shape

The parallel which Colonel Bryan seeks to institute between American obligations in Cuba and American obligations in the Philippines finds no support of course in either international law or common sense It confuses political and international conditions in no way analogous But—even granted the force of the parallel how does American experience in Cuba vindicate in advance the merit and value of Colonel Bryan's easy honest and honorable programme? If the fusion nominee for president is elected will he favor such [illegible] from the Philippines as has been effected from Cuba and the convening there after of a native congress which shall erect an independent government under the protection of the United States? Is this native congress also, as some of Mr Bryan's admirers are already anticipating to conclude a treaty recognizing American control of Manila bay [illegible] and guaranteeing full liberty of American enterprise and investment?

The Philadelphia Record though friendly to the general policy of expansion has been trying with many other eastern newspapers of pronounced Democratic tendencies to find some bridge to renewed partisan allegiance in Colonel Bryan's current crusade against imperialism Our Philadelphia contemporary is candid enough however to admit that the practical difficulties of carrying out any such scheme of Filipino independence as that outlined in the foregoing paragraph would probably be as difficult as holding and governing the islands As the Record argues

How many of the people of the eighty odd semi civilized and savage tribes of the Philippines would be likely to consent to all this Could a majority of the tribal chiefs be induced to assemble at Manila? And before being asked to frame a constitution would not many of them have to be sent to school in order to learn what a constitution is? For some of them would come clothed in all the simplicity of breech clouts with intellectual equipment to correspond not a few would bring patents of nobility won by capturing sixty heads in raids upon neighboring hostile tribes there would be a startling confusion of both languages and interests and the sight of Aguinaldo and his marauding Tagals might stir up animosities of long standing and cause the convention to degenerate [illegible] commissioners could accomplish the miracle of making peace between the hostile and scantily clothed factions a majority of the chiefs would no more likely to consent to yield the bay of Manila without American coercion than Englishmen would be to yield the river Thames and the city of London And how could we keep them permanently under our protection without preserving order and preventing them from assaulting and despoiling each other?

As an essay in practical statesmanship getting the governed to consent to self government in the Philippines, and then turning them loose [illegible] other under American protection is not likely to appeal to either national foresight or self respect It is a solution of the Philippine problem neither easy nor honest nor honorable — one from which the more serious minded of Colonel Bryan's followers cannot be blamed for turning with disapproval and contempt

In 1899 ten staple crops were worth upwards of $323 000 000 more to the American farmer than in 1895 Add to this increase an advance of $6[illegible] 000 000 in the value of live stock, and there is a round billion of dollars that has been paid in prosperity dividends by the Republican party to the farmers for the single year of 1899 —(Ottumwa (Ia.) Courier

Farmer Bryan's Photographs

They're taking Farmer Bryan with the [illegible] machine—
The moving picture man says its the best he's ever seen
They show him in his overalls with boots up to his knees
A picking luscious melons from the water-melon trees
They have a splendid view of him behind the old pig pen
Presenting moving arguments to the old sitting hen,
And best of all the films they've got is one of William J
A driving of his self binder in a waving field of hay

Another view depicts him with a heavy handled hoe—
He's hilling up the growing wheat in a well planted row
And then they have him in a tree where earnestly he tries
To find enough dried apples to concoct some tasteful pies
With old blue jumper big straw hat and rolled up sleeves he stands
And contemplates the callouses upon his horny hands—
But all the farmers will admire the energetic way
He drives the big self binder in the waving fields of hay

The picture man has other views There's one of Colonel Bill
In search of cracked oats in the field upon the peaceful hill
And still another shows him with a scythe and he looks great
Ah there is naught the matter with the farmer candidate
One view shows William harnessing a horse and you can see
That he has hung the crupper where the bridle ought to be
The hold back is a check rein—but the best of all they say
Is where he's binding into sheaves the scented new mown hay

The overalls show creases that are straight from waist to toe—
The tailor made them that way and the tailor ought to know
The blouse is cut in proper style the shirt is [illegible] too
And oh A stand up collar lends enchantment to the view
For William is a farming man he harvests his cracked oats
And has the [illegible] taken so they'll harvest him some votes
And won't the farmers shout for him with voices blithe and gay
Each time they see the binder in the waving field of hay?
—(Baltimore American

In this age of improvement there is one thing that is hard to improve. It is the foundation of the great annual sales of

FAIRLEY BROS.
House Furnishing Business
FOUR REASONS

1 No furniture for sale that is not reliable
2 To get the right furniture here and show it plentifully
3 To utilize our entire resources to sell the furniture cheaply
4 To tell the truth about the furniture

Four important items to be considered by purchasers in making their purchases

Our assortment will be found always complete in lines demanded by consumers

Our styles will always be found newest and most desirable.

Our qualities will always be found thoroughly reliable

Our prices will be absolutely as low, if not lower, than quoted elsewhere

REOPENING OF COLLEGE

Outlook the Best That Ever Confronted the Institution at This Season

Changes in Faculty.

Colorado college opened yesterday with a full attendance of faculty and the largest attendance of students ever known in its history. The registration of students has been going on for the past three days but yesterday morning all the buildings were officially thrown open and the members of the faculty gathered in their several rooms to meet the students and assign the work for the first classes. The work of enrolling the students went on all day in the dean's office in Perkins Fine Arts hall and Mr. Noyes was assisted in the work by Prof. Smith and Dr. Cajori of the faculty, and by Miss Lillian Johnson, who is the dean's regular assistant. Prof. Coy was enrolling the academy students in Palmer hall all day assisted by Miss Cooper, of the faculty.

It is impossible to state at this time just what the enrollment of the college will be as students are still coming in on all trains and it will take several days yet to finish the work of registration; but President Slocum yesterday estimated the number of new students at 200, which he said would make the total enrollment of the college in all departments between 500 and 600.

The first chapel exercises of the year will be held this morning at 8:15 in Perkins Fine Arts hall. The public is welcome at all these exercises throughout the year and a special invitation is extended to the friends of the students to be present at these opening services today. This will be the first time the student body has been brought together as a whole this year. The work of the classes will be begun at 8:30 this morning and will continue from now on.

The housing of the students has been given special attention by the faculty and those in charge of the halls and there has been little or no confusion. Miss Worden has had charge of the young men and has been assigning rooms in Hagerman hall and, with a committee, has been assigning other rooms in private families throughout the city, a long list of which had been prepared. Miss Loomis has been receiving the young women at Ticknor hall and Miss Baughman at Montgomery hall. The college has leased between 40 and 50 rooms in the new Atkinson hotel on the corner of Cache la Poudre and North Tejon streets, and they will accommodate about 50 young ladies. These rooms, however, will not be ready for occupancy until October 31, and in the meantime rooms have been secured for the young ladies in homes in the vicinity of the college by courtesy of the residents.

All the members of the faculty have arrived and will take charge of their classes this morning. There are several changes in the faculty this year and a number of new men will take up their work here. Prof. E. S. Parsons, the vice president and head of the English department, is now in Europe on leave of absence. The last word received from him was from Landown, Isle of Wight, and was to the effect that he and his family were well. His place will not be filled but the work will be divided up between several professors. Prof. John C. Shedd, A. B., Ph. D., is the new professor of physics. He is a graduate of Princeton and took post graduate work at Cornell and the University of Wisconsin, taking his doctorate from the latter institution. He has had three year's experience as a teacher at Marietta college in Mich., and was one year on the faculty of Wisconsin university.

Dr. Thomas K. Urdahl is the new professor of history and economics. He studied at the University of Berlin and also at the University of Wisconsin. He has been instructor at Wisconsin for the last two years and has been intimately associated with Dr. Richard T. Ely, of that university, by whom he is most highly recommended.

It is the purpose of the board of trustees and faculty of the college to develop the work in debate in which the college has taken such a prominent part in the last few years and in view of this Prof. Roland T. Ritchie has been called to take charge of the department of rhetoric, forensics and oratory. He is a graduate of the Northwestern university and took post graduate work at Chicago university, from which institution he recently received a graduate's degree. He has made a specialty of English, oratory and debate. He was a leading member of the famous Chicago team which won high honors in debate with Columbia.

Prof. Parsons' work will be handled this year by Prof. Patterson, Prof. Ritchie and Miss Cooper.

The trustees have decided to add another feature to the department of fine arts. It has been the purpose of President Slocum for some time to develop the work of the college along practical lines so that young people may have an opportunity to fit themselves for positions where they can earn means for self-support and receive an education at the same time. In this connection it has been decided to add to the faculty in the fine arts department, Mr. J. L. Waid, of Chicago, who has had thorough training in commercial art. He will begin his work immediately at the Perkins Fine Arts building. Courses will be offered in newspaper and magazine illustrating, mechanical drawing, lettering and designing. This will include all that is demanded in engraving houses, including free hand and mechanical pen and ink drawing, wash drawings, etc. Instruction will be given in the processes necessary for the reproduction of drawings, with photo-engraving, etc. The department will open on Monday morning at 9 o'clock, when Mr. Waid may be consulted in regard to the work of the department.

Mr. Soutter will reach Colorado from Paris on the 18th, and will immediately begin the work in his departments.

This year will see the starting of the new science building. Word has been received from the Boston architects that the plans are now completed and will be forwarded to this city within a few days. It is hoped to begin work within three or four weeks after the plans arrive. The building is to be situated at the northwest corner of the campus. It will be after the style of Perkins hall and Coburn library in architecture. It will be 287 feet long and three stories high, covered by a tile roof. At the north end a wing extending east will be designed for the chemical laboratories and lecture rooms; at the south end a similar wing will be designed for the physics department. In the southwest corner will be the offices of the president, treasurer and dean. On the second floor and accessible to the entrance will be the large Stratton museum, which is now boxed up awaiting the erection of the building. The museum room will be 140x40 feet in size and 25 feet high. The building will also contain general lecture and recitation rooms and laboratories for the biology, psycho-physics, and mining and assaying departments.

It will probably take two years to complete such a large building.

The college year opens from the student standpoint tonight when a reception will be tendered the boys at the gymnasium. Tomorrow night the literary societies will hold informal meetings and on Saturday night the big opening reception will be held in Coburn library.

PROGRAMME.

Miss Brooks has proven herself to be an elocutionist of rare ability in former appearances before Colorado Springs audiences.

Mr. J. Motzen of Chicago, said to be the most skillful photographic artist in the United States, has accepted a position with Charles E. Emery of this city.

Mr. Motzen's work certainly confirms his reputation as an artist of the highest ability, most beautiful and artistic samples of which may be seen at the Emery studio, 18 South Tejon street.

The Electro-Thermatorium, 124 S. Tejon St.

As a means of equalizing the circulation and eliminating waste and poisonous matters from the body and increasing general metabolism, the thermo-electric bath is considered superior to any other treatment.

In catarrhal conditions of the respiratory tract, as in acute or chronic bronchitis, in la grippe, etc., it has often proved of great value.

In congestion of the liver, in catarrhal inflammation of the digestive tract, the ease with which the skin is surcharged with blood, proves of great relief to the internal organs.

In acute or chronic rheumatism or gout it is particularly valuable.

Hotel Ruxton will remain open, steam heat, reduced rates.

Clothes cleaned $1.50 per suit, called for and delivered. Hunter, 107 N. Tejon.

College Conservatory of Music. Opens Sept. 25th. Courses in piano, voice, violin, cello and theory. Free advantages to students. Applicants may register daily (except Saturday), at 2 o'clock in room 10, Perkins hall.

Mrs. Upperten—"I understand your son was graduated recently. Did he carry off any honors?"

Mr. Neurich—"Well, I rather guess yes. He wore the finest dress suit in his class. It cost me $90 in cold cash."

COMMITTEE OF FIFTY

Representative Colorado Springs People Will Solicit Pledges, Cash and Clothing for Distressed of Galveston Fund Now $4,500.

PERSONNEL OF THE COMMITTEE

Latest reports from Galveston give assurance that there is an imperative need for all kinds of clothing.

Prepared foods will be of inestimable value.

The railroads will transport everything promptly and without charge.

The following constitute a committee of 50, appointed by the mayor, to solicit immediately articles such as the above and to take them today to the chamber of commerce, ready to be packed in boxes. A train bearing a big consignment of provisions and clothing from Colorado Springs to the stricken city of the south should be on the road before night today.

The committee of 50 includes the following:

W. H. W. Boyle, D. D., chairman.
W. G. Shapcott.
Miss Brinley.
Mrs. Slocum.
Mrs. C. S. Sprague.
Mrs. H. R. Roy.
Mrs. J. A. Hayes.
Dr. Madden.
F. L. Ballard.
W. K. King.
Mrs. G. W. Lawrence.
Mrs. C. C. Hamlin.
Mrs. H. B. Hayden.
A. C. Bray.
S. F. Duree.
Mrs. C. E. Noble.
Mrs. A. S. Holbrook.
Mrs. C. J. Tiffany.
Mrs. Nason.
Mrs. W. H. R. Stote.
Mrs. D. A. Russell.
Mrs. W. K. Argo.
Mrs. F. Capell.
Mrs. W. K. Sinton.
W. C. Jones.
H. A. Young.
Miss Fonetta Flansburg.
Prof. E. L. Mason.
Mr. John Dietrich.
Mrs. W. H. Fish.
Mrs. A. H. Whaite.

D. W. Robbins.
Mrs. Irene DeTolliver.
Mrs. L. McClintock.
Mrs. Gilbert.
C. H. Barnes.
George Bergard.
L. E. Sherman.
All local clergymen.

PROCEEDINGS AT THE MASS MEETING

Colorado Springs has now contributed about $4,500 for the relief of the sufferers at Galveston. The mass meeting at the Temple theater last evening was a remarkable gathering, its dominant characteristic being spirit and purpose and not numbers.

There were about 450 people present and $820 was subscribed to the fund. A hat collection brought in $85 of this money and $50 was a subscription from Mr. John W. Proudfit, wired to the Gazette to be turned over to the committee.

The meeting was a series of addresses, all brief, on different phases of the situation, all showing the need for immediate action on the part of Colorado Springs people. The speakers laid down the proposition that the raising of relief funds in Colorado Springs is a privilege which the people have; something far higher than mere duty. The speakers included Dr. James B. Gregg, Mayor Robinson, President Slocum, Mr. V. Z. Reed, A. T. Gunnell and C. C. Hemming. Dr. Boyle made the direct appeal for funds and Mr. W. G. Shapcott commanded the forces on the floor. Fred Ballard and Mr. H. A. Young also were active in bringing contributions to the front.

Room 6, the Sixth grade "A" of the Garfield school sent $3.05. It is suggested that a considerable addition to the fund would result should all the school rooms in the city see what they can raise.

Mayor Robinson made his debut as an auctioneer. A man had called at the city treasurer's office in the day and contributed $1.50, saying that he wished it could be more. He could not spare any more money, but left two books, "The Story of the Philippines," by Murat Halstead, to be sold for the cause. Mayor Robinson auctioned them off, one going to Mr. C. C. Hemming for $6 and the other to Mr. J. P. Pomeroy for $10.

One of the most forceful addresses of the evening was that of Mr. Verner Z. Reed, who showed the utter helplessness and need of the people of Galveston. It was not, he showed, as though they might have seen the danger and escaped. The bridges were gone early in the trouble, and there was nothing to be done but for the people to do as they did—remain in the most secure places they could find and thousands of them perish.

Judge Gunnell put the matter in a nutshell when he said that if the audience could be transported and set down in sight of the city of Galveston there would not be a man who would sell his privilege of aiding the sufferers. There would not be a man but would give his very last cent. He urged the people to spread the story of distress and need and begged that each person see to it that his neighbor knows of the suffering and does something to alleviate it.

The raising of funds closed the evening, $820 being secured and bringing the total to date practically to $4,500.

CHAIRMAN BOYLE TO THE COMMITTEE OF 50

Inasmuch as the latest dispatches from Galveston report dire suffering and need the executive committee on relief have deemed it wise to add largely to the number of those authorized to solicit money and clothing in this city.

The members of the committee of 50 and all members of the clergy as ex-officio members of the committee, are requested to put forth their best efforts to secure pledges, cash subscriptions or articles of clothing, the same to be delivered to the chamber of commerce immediately, and to report success at a meeting to be held in the lecture room of the First Presbyterian church on Saturday afternoon, Sept. 15, at 3 o'clock. Blank subscription cards may be obtained from City Treasurer M. T. Hale at the city hall.

Fewer than 300 families are so far represented on the subscription list; 3,000 ought to be.

Clothing should be ready for shipment and may be left at the chamber of commerce.

The spirit of divine philanthropy moves everyone to give in the measure of liberty. Members of the committee of 50 need not confine their efforts to their own neighborhood, although the committee has been selected with a view to the proper representation of the various sections of the city.

W. H. W. Boyle, D. D.,
Chairman.

GALVESTON MAN EXPRESSES GRATITUDE

The following letter speaks for itself:

Colo. Springs, Sept. 12, 1900.

To the Gazette:

I wish to extend my heartfelt thanks, for myself and those whose names have been kindly mentioned in the Gazette and other local papers of this city, in connection with our dear ones in the sad-stricken city of Galveston, for the kind attention and sympathy extended us by the said papers and the good citizens of Colorado Springs and vicinity during our visit here, and particularly during our moment of sadness and anxiety, in trying to hear from those endeared to us and whose lives were exposed.

Whilst deeply sympathising also with those in our midst who may have been so unfortunate as to suffer any loss in that terrible catastrophe, I feel consoled to be able to state, from direct and reliable information obtained that my son-in-law, Mr. S. P. Mistrot (of the firm of Mistrot Bros. & Co.) and his wife (my daughter), together with his two children, and another of mine, besides his brother, Mr. Gus, and family, no doubt through the mercy of God, to whom I feel most grateful, were spared and so far are perfectly safe.

Sincerely,
J. R. Blanchet.

Springs Man Tells of Texas Desolation

Mr. C. H. Bryan is the first person to arrive in the city from the scenes of the late storm in Texas. Mr. Bryan has been on a tour of the south, visiting Memphis, Vicksburg and New Orleans and returning by way of Houston. He was seen by a Gazette representative last night and talked very interestingly of what he had seen of the effects of the storm in and around Houston. He said:

"I came through Houston on my way from New Orleans but was only in the city about an hour. I saw enough of the effects of the storm however to satisfy me. The devastation which stretched before us as we traveled from New Orleans to Houston was something awful. From a point about 100 miles west of New Orleans to Houston all the fields were under water. For a distance of about 50 miles east of Houston everything was a wreck. There was scarcely a house standing and in most cases the only indication of former habitation was a pile of wreckage where once had stood a building. The few houses that were left standing were blown off their foundations and were all leaning toward the north. Every telegraph pole and tree that was standing leaned toward the north.

"I did not go up into the city of Houston, but from the depot I could see some of the damage that had been wrought. All the big buildings in sight from the depot were wrecked and the top of the depot itself was blown off. Several big mills were blown over on top of box cars and the place was a scene of desolation. When I was there the town had not yet recovered from the first shock and the people did not know the extent of their damage yet, while no news could be gotten from anywhere else. The telephone, telegraph and electric light systems were all destroyed.

"After we left Houston the country was swept clean for a distance of 30 miles. Five miles from Houston I saw the wreck of a three story house in which three children had been killed. One small town, I think it was Patterson, was swept away completely, although no one was hurt. There was not a house left standing there. The rain extended clear to the New Mexico line and all the roads were under water. In the neighborhood of Houston I saw several head of dead stock floating around. The rice fields were all destroyed and the loss will be very great on them.

"I just missed being in Galveston the day of the storm. According to my original plans I was to have been there that day but by chance I staid in Vicksburg longer than I expected, and I am very glad I did. The Southern Pacific tracks between New Orleans and Houston are too far from the coast for me to have seen the worst damage that was done, but I saw enough."

Colorado City Lines Up for Relief Work

The citizens of Colorado City will assist in the work of raising money for the Galveston sufferers. An enthusiastic mass meeting was held last evening at the W. C. T. U. hall as a result of a call made by Mayor George. The hall was well filled and considerable interest was shown. No subscriptions were taken during the evening, but extensive plans were made for securing funds and a large amount will doubtless be raised. Special committees are to be appointed to solicit subscriptions and another meeting will be called by the mayor within a few days for the purpose of making more extensive plans.

Judge Cunningham voiced his sentiments in a most enthusiastic address. He related an incident in his own life in which his father's family were bereft of all they possessed as the result of an awful disaster and stated that he could better realize the condition of the people of Galveston at this awful time. He made an earnest appeal to his fellow citizens to contribute liberally to the cause and assured them that their offerings would be gratefully received. Mr. Cunningham suggested that the mayor proceed to appoint committees to solicit money for the fund. Postmaster Morgan arose and stated that he thought it would be more advisable for the mayor to take plenty of time in selecting the committees in order to secure persons who were most fitted to do the work. His suggestion was approved and the mayor did not appoint the committees at the meeting.

Mr. J. B. Stephens was then called upon to make a few remarks. He made a special appeal to the railroad men and urged them to be liberal in their donations. He also recommended that a committee be appointed to solicit subscriptions among the employes of the Colorado Midland.

Mr. J. R. Goff offered a few valuable suggestions. He recommended that the school board take the matter up with the school children and give them a chance to help in the work. He suggested that the children be asked to give donations of money not to exceed 10 cents each, and that the school board issue special circulars for the purpose. Mr. J. F. Murray also suggested that other circulars be printed and distributed among people who had not had a chance to attend the meeting.

The mayor was asked to appoint a special committee consisting of representatives from all classes of citizens to solicit subscriptions and Postmaster Morgan was authorized to receive donations from all who desired to contribute to the fund. Town Treasurer H. C. Kinsman was elected treasurer and he will forward all contributions to Galveston as quickly as they are received. It was also suggested that the mayor appoint a special committee of ladies to solicit clothing for the Galveston sufferers.

MARY CASHEN TO SUSPEND WORK

And Lessees to Take Charge--No Lease Has Been Granted as Yet--Cash Reserve Exhausted.

The Mary Cashen company is completely out of funds and instead of incurring debts to continue work on its own account the property will be leased. Every effort has been made to locate a permanent ore body, but only small streaks and stringers have been encountered, though a depth of 500 feet has been attained. In a few days the workings will be closed down until lessees take charge. During the past month the force of men working on the property has been gradually diminished and when the mine closes, only four miners will be dismissed. The company has expended a large sum of money to develop the property since the claim was acquired and the treasury reserve as far as the cash is concerned has all disappeared. The shaft is in the ground 590 feet and crosscuts have been run in three directions for a pay vein, but this without success. There will probably be a deluge of applications to lease the property as the Mary Cashen is in a superb location, and it is remarkable that a shipper has not been developed long before this. On the north the Granite mine is located and it is generally conceded that the ore shoot of this property extends through Mary Cashen ground. On the east are the Dillon and Portland properties, while the other adjacent territories are the Mount Rosa and Gold Coin. The Mary Cashen was formerly bonded for $100,000 and after a great deal of work was done the bond was taken up. Last November the property was put into a company and incorporated under the name of the Mary Cashen. The shaft house is situated near the Midland Terminal station at Victor and the mineral rights are under the most populous streets of that city. The Mary Cashen will be leased for 18 months.

FINNERTY LEASES CLOSE DOWN

And This Involves Workings on National and Mariposa Properties on Which He Has Leases--Otis & Co. Assume His Lease on Former.

Word comes down from camp that the two Finnerty leases have been abandoned. As these leases are current on the National and Mariposa properties the suspension of work has caused quite a commotion. The reason assigned for this closing down is the lack of funds on the part of Finnerty. Some few weeks ago the lease on the Red Bird of the National and also the one on the Mariposa's Yellow Bird were in fine condition and ore seemed to be in large quantities and the properties were flourishing. The first trouble arose concerning the August pay roll, which Finnerty could not meet. He agreed, it is alleged, to pay the men on the 10th of September, but when he was unable to fulfill this promise, W. A. Otis & Co., who manage the National, took the matter in their hands and paid off the men, giving Finnerty a suitable time to liquidate his indebtedness to the company. This period is almost exhausted and should he not pay in time, his lease, which is generally considered one of the best in the camp, will be forfeited. There will probably be another lease granted on the property as the company claim that the ore is as abundant as ever. On the Mariposa, affairs have not come to so definite a climax and it is expected that Finnerty will find some one to financially back him.

LAST DOLLAR HAS MODOC VEIN

Another Rich Ore Shoot Opened Up in the Bull Hill Mine--Six Feet of Pay Mineral.

The Last Dollar has the Modoc ore shoot.

When ore was first uncovered on the northern end of Last Dollar property it was thought that this and the Modoc ore shoot were one and the same thing, but there was such a large distance between them that the fact could not be proven. From the 750-foot level a crosscut has been run to the south and during the end of last week the vein was cut. These workings are on the extreme southern end of the property near the end lines of the Modoc and this vein is undoubtedly the one from which the last-named company is shipping. The vein recently opened is also the same one as uncovered on the northern workings. The new vein is six and a half feet across and a good part of this will run three ounces. Shipments will be at once started from this ore deposit. On the main workings the principal object has been to block out the ore, although there have been very regular shipments during the summer months. The Last Dollar's ore average is decidedly high, being over $60 a ton. The Last Dollar property consists of 19 acres and was formerly worked under bond and lease. These lodes are near the summit of Bull hill, and are surrounded by the Modoc, Princess Alice, Lucky Guss, and Six Points properties. The gratifying condition of the pay vein is that the lead extends for 1,500 feet across the property and disappears through the end lines of the Princess Alice and Modoc claims. Regular dividends are paid by the Last Dollar company and the treasury reserve is now near the $100,000 mark. The production to date is said to be almost one million dollars' worth of ore.

MINING NOTES AROUND TOWN

FINE ORE ON TWIN SISTERS.

Royalties amounting to almost $400 have been paid to the Twin Sisters company by the owners of the White lease, on the [illegible] claim. The lease is in very good ore, as a glance at their recent shipments will indicate. Seventeen tons of the coarse rock were shipped and these assayed one ounce. A richer shipment of carefully sorted ore ran over $200 a ton and this consignment included nine tons. The [illegible] value of the two shipments is $2,200. On a sub-lease on the south end of the claim a strike has been made and this is being prospected, no ore having as yet been shipped.

ONE HUNDRED DOLLAR ORE ON ABE LINCOLN.

From the Abe Lincoln on Raven hill the Guyot company, which holds a bond and lease, will make a trial shipment. The other lessees on the claim are in excellent ore as five-ounce stuff is being extracted from the 225-foot level.

TRIAL SHIPMENT FROM PROGRESS STRIKE.

A trial shipment has left the Trotter lease on the Progress' Gold King and the lessee expects that three ounces will be the average of the ore. Eight tons were contained in the shipment and the ore came from the scene of the recent strike at the 100-foot level. The ore is described as good-looking rock and individual assays have all been very high.

DISAPPOINTING KIMBERLY RETURNS.

The Brownlee-Milliken lease on the Lonaconing claim of the Kimberly company recently sent out a shipment for which returns have been received. The average was one and a half ounces and there was considerable disappointment felt that the consignment was of such low grade as the ore was carefully screened. Work on this lease is in progress at the 350-foot level.

MOLLY DWYRE MEETING A MILD ONE.

The annual meeting of the Mollie Dwyre company was held yesterday and little of an interesting nature transpired. The control was decidedly in the hands of the Dorsey Investment company as this firm represented a total of 1,011,496 shares out of a capitalization of 1,500,000 shares. The following directors were speedily elected: J. A. Sill, S. J. Mattocks, H. H. Dorsey, R. C. and L. N. Bogy. At a subsequent meeting of the directorate the following offices were alloted: J. A. Sill, president; H. H. Dorsey, vice president; S. J. Mattocks, treasurer, and F. H. Dunnington, secretary. A good deal of work is in progress on the property, though no find of a permanent nature has been made. The value of the property has been almost doubled by the enormous improvement on the Pointer lode, which adjoins the Mollie Dwyre and it is generally conceded that the Pointer ore shoot traverses the Mollie ground. A shaft will be sunk to attain a depth of 300 feet before drifting or crosscutting is started.

MARY M'KINNEY TO EXTEND DUMPING GROUND.

The Mary McKinney company has ordered the squatters to vacate the ground in the gulch below the railroad tracks as the present dumping ground has become incapable of accommodating the vast amount of waste which is hoisted from the great mine. The surface developments, such as shaft house and ore houses are the most complete in camp.

GREAT IMPROVEMENTS FOR MODOC.

Extensive developments are in prospect for the Modoc company and on the recently purchased Ocean View lode an altogether new shaft will soon be started. This will attain a depth of 1,000 feet, and through this one all the ore will be hoisted while the old Modoc shaft will be utilized for the elevation of waste. The old Modoc workings are not of a modern sort, as the shaft is not absolutely vertical, while new equipments will be perfect in detail. Another feature will be that the railroad tracks will be run to the new shaft house.

SHIPMENTS FROM JENNIE SAMPLE.

Fifteen tons of ore left the Jennie Sample yesterday and will be followed up by 25 tons more. The ore came from the shoot at the 400-foot level and will doubtless average three ounces

MINING NEWS FROM DENVER

Rich Vein of Tungsten Found in Boulder County.

Special to the Gazette:

Denver, Sept. 12.—Every mining camp in Colorado is booming. Development work has proven to be eminently successful in exposing the precious minerals, for stoping and shipping to the several smelters and concentrators. The demand for good mining properties has been phenomenally increased and sales for large and small moneyed considerations are constantly effected. From every mining district and section encouraging news of wonderful improvements in properties through careful and practical systems of development. Greater results in production are attained, and mines that have heretofore been non-productive and have failed to return dividends are now adding largely to the output of gold and silver from our mining operations.

The latest [illegible] of valuable mineral in Boulder county was made by Sam Conger, one of original discoverers of the famous silver mine, "The Caribou," of Boulder county.

Mr. Conger many years ago discovered a large vein or ledge of what he thought was magnetic iron in Sherman gulch, Nederland, but he regarded the ore as valueless until a short time ago while in California he saw the same kind of mineral mined which experts pronounced as tungsten or wolfenite. The ore is very rare in this country, and according to the Engineering and Mining Journal, but 168 long tons were produced in 1899, which were valued at $196.46 per ton.

Conger, in company with his old partner, Mr. Wanamaker, of Denver, went to Nederland, where they staked off all the claims they desired, and they began to take out the mineral and have tests made of the ore. The smallest run yielded $227 per ton and the largest $880 per ton. The vein is from six inches to 18 in thickness of this rich tungsten, and great excitement prevails in the camp over the marvelous discovery of the new and almost unknown ore. There have been from 12 to 18 veins already discovered and men are hard at work prospecting the entire locality. Mr. Pettilone has a large vein of this ore on the north side of Nederland which he claims will run $600 per ton, while other prospectors have been equally fortunate in striking it rich. This wonderful discovery means a great deal to Boulder county, and it is to be hoped that new life will be given the old neglected camp.

Smith, Hetzel and Hilburn, lessees of the Wabanah mine at Glendale, shipped a batch of ore last week that ran 370½ ounces gold and 74.30 ounces silver [illegible] ton, while the second class went 28.19 ounces gold and 8 ounces silver, and the third class yielded 5.46 ounces gold and 2.25 ounces silver. The mine is one of the oldest in this section and has produced very good ore. The above shipments were made from the 50-foot level, but the management will commence to sink the shaft and thoroughly develop the property.

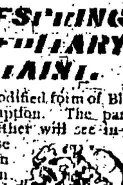
The management of the Richmond mine, Salina, ships to Boulder about $1,600 worth of ore monthly. This property is situated just opposite the Ingram mine and was formerly owned by Dr. Heath of this city who has spent a large amount of money on the property without using any special method in developing the mine. The present owners claim a profit above expenses of between $700 and $800 per month, or an income of 100 per cent on their investment.

At Ward, mining is very lively and a much larger percentage of ore is being produced than at this time last year. Prospects of a year ago are now rapidly becoming producing mines. Ore that was thrown over the dumps is now being treated to a profit, and those old abandoned mines are being unwatered and re-timbered for future operations and dividends.

There is not a camp in Boulder county that has not felt the wave of good times and renewed confidence during the past three years. Prospecting for new veins of mineral has received a wonderful impetus, and many good veins have been uncovered through the courage and determination of the prospector. Strikes of good ore are reported from our mining camps. Stocks are in a much more healthy condition, and a general condition of confidence has been restored in all mining operations largely through the great reduction in price of treating the ores and larger savings of the precious metals.

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAINT.



Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seals, 113 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

SSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

LEGAL NOTICES

Colorado Springs, Colo. Sept. 7, 1900.
To the stockholders of The Zenobia Gold Mining company:

You are hereby notified that pursuant to a resolution of the board of directors of this date, August 16, A. D. 1900, a special meeting of the stockholders of The Zenobia Gold Mining company, is hereby called and will be held at the office of the company, Room 6, Freeman building, 119 Pike's Peak avenue, Colorado Springs, El Paso county, Colorado, on Thursday, September 20, A. D. 1900, at 3 o'clock p. m., for the purpose of considering, determining and ratifying the sale of the Zenobia lode mining claim, survey No. 7879, for the price and sum of [illegible] now offered in writing to the board of directors for the said portion of the property of the company, and for the purpose of considering and acting upon any other offer to purchase the aforesaid property, or, to sell the same at other price and sum than the one above named; also, to consider and determine the policy of the company with respect to the purchase of other property with the moneys thus received, or any part thereof. It being understood that the company now owns the Christopher Columbus claim, 10 1-3 acres, in addition to the aforesaid Zenobia claim. Edgar H. Brennan.
Attest: Walter A. Baldwin, President.
Secretary.

Stockholders' Special Meeting.

Notice is hereby given that a special meeting of the stockholders of The Citizens Light, Heat and Power company, is hereby called and will be held at the company's office in Colorado Springs, Colorado, at 2 o'clock p. m., on Saturday, September 15, A. D., 1900, for the purpose of voting upon the proposition to increase the capital stock of said company from one hundred and twenty-five thousand ($125,000.00) dollars to five hundred thousand ($500,000.00) dollars, divided into shares of one hundred ($100.00) dollars each. All stockholders are requested to be present.

By order of the board of directors, this August 15, A. D., 1900.
L. L. Aitken, J. R. McKinnie,
Secretary. President.

To the Stockholders of the Matoa Gold Mining company:

You are hereby requested to attend a special meeting of the stockholders called and to be held at the office of the company, Room No. 6, Freeman block, 119 East Pike's Peak avenue, Colorado Springs, on Thursday, September 13, at 3:00 o'clock p. m., for the purpose of consulting together and to consider with the officers of your company the policy of the company with respect to future operations.
W. A. Baldwin, W. A. Ramsay,
Secretary. President.

Dissolution Notice.

Colorado Springs, Colo., Sept. 1, 1900.
The co-partnership heretofore existing under the firm name of Wortman and Perkins, has this day been dissolved by mutual consent. Mr. Wortman retires, and all accounts are payable to the new firm of Perkins, Morton and company. All indebtedness will be assumed by the new firm. Signed,
F. P. Wortman,
L. E. Perkins.

Safe, Interest Paying Investments

The Cripple Creek dividend paying stocks offer exceptionally attractive investments. They return a very satisfactory rate of interest on the capital invested, and at the same time they offer security. They pay from 8 to 12½ per cent. per annum, and in addition they are steadily advancing in value, and thus making splendid profits for those who own such stocks.

Write to us for a list of the dividend-paying stocks that are the most desirable. We will gladly give you particulars.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, Sept. 12.—The distressing condition of Isabella affairs and the consequent decline of the stock had a depressing effect on the general market and one after another of the stocks weakened today, there being only a very few exceptions to this rule. Trading was rather brisk as there always is in a slumping market. Elkton, which always has a benefitting effect on the lesser stocks, was not dealt in and only Isabella's depressing influence prevailed. This stock, however, was the only one to break badly though the decline was very general and there was fractional weakening in nearly every instance. Unusual strength considering the general state of affairs was noticed in both Cripple Creek Columbia and Gold Exploration and these shares held very firm. Gold Hill braced up under very heavy trading, over 30,000 shares of the stock being disposed of. Grace was nerveless as was Little Puck and Rose Nicol. Princess was well traded in. Ten thousand shares of Mollie Dwyre were sold at 7¼ and these shares are decidedly on the strong list. New Haven sold at 8 flat.

The sales for the day came to 516,012 shares exchanged, of which the cash value was $133,323.

TELEPHONE 202.

EASTERN MARKETS

The Money Market.

New York, Sept. 12.—Money on call firmer, 1½@2; last loan 1½. Prime mercantile paper, 4@5¼.

Sterling exchange easier with actual business in bankers' bills at $4.86⅝@4.86¾ for demand and at $4.83⅜@4.83½ for 60 days. Posted rates $4.84@4.85, and $4.87½@4.88½. Commercial bills, $4.82@4.83½.

Silver certificates, 62½@63½. Bar silver, 62⅝. Mexican dollars, 49¼.

Government bonds irregular; state bonds inactive. Railroad bonds irregular.

New York Stocks.

New York, Sept. 12.—Very little can be said of such a market as that of today beyond the chronicle of the movements of individual stocks. Dealings fell nearer the point of stagnation than even the record of recent dullness has yet shown. The few stocks that showed any appreciable movement were not influenced by any general condition of business or affairs and it was difficult in some cases to account for the movement. Telegraphic communication was much interrupted by the storms in the west and this was proffered as explanation for the extraordinary dullness, but as orders received by telegraph and executed in the market have not been a perceptible influence for many months past the explanation was not convincing. In the railroad list there was some demand for Northern Pacific at an advance of a point. This seemed to sustain the other railroad stocks. The anthracite coalers were heavy as the period approaches for the declaration of the miners' final action on the strike.

Today's bond market was barren of any feature. Total sales $775,000.

U. S. 5s registered advanced ½, the refunding 2s, when issued, registered ½, and 2s, coupon, ½ in bid price. The 3s coupon declined ½.

The London Market.

New York, Sept. 12. Commercial Advertiser's London financial cablegram: The reported flight of President Kruger caused a cheerful tone all round today and some further increase in business. Americans opened firm, continuing good, but idle all day. Paris sold Tintos on the reaction in copper. Money was steady and discounts easier. Silver was slightly hard on the rise in the Indian price to 78⅝.

Chicago Grain

Chicago, Sept. 12.—Wheat opened firm, October at 75⅛c to 75¼c on higher cables and light northwest receipts. During the forenoon October touched 75⅝@75¾c. Clearing weather in the northwest and the large aggregate of receipts caused a reaction later and October closed weak ⅝@¾c lower at 74½c.

Corn was dull and narrow.

Oats were dull and lower in sympathy with wheat and corn.

Provisions were dull and easier by selling by packers and pressure from a few prominent local shorts.

Chicago Cattle.

Chicago, Sept. 12. Cattle Receipts 16,000, including 1,500 westerns and 500 Texans. Good to prime steers, $5.85@6.15; poor to medium, $4.60@5.60; selected feeders, $4@4.75; mixed stockers, $3@3.90; cows, $2.75@4.50; heifers, $3@5.25; canners, $2@2.75; bulls, $2.75@4.50; calves, $5@7; Texas fed steers, $4.25@5.00; grass steers, $3.35@4.25; bulls, $2.50@3.40.

Hogs. Receipts 31,000. Top $5.65; mixed and butchers, $5.15@5.60; good to choice heavy, $5.20@5.55; rough heavy, $5@5.15; light, $5.20@5.65; bulk of sales, $5.20@5.45.

Sheep—Receipts 15,000. Sheep and lambs strong. Good to choice wethers, $3.85@4, fair to choice mixed, $3.40@3.85; western sheep, $3.65@4; Texans, $2.50@3.25; native lambs, $4.50@6; western lambs, $5@5.85.

The Metal Market.

New York, Sept. 12.—There was considerable irregularity in the metal market today. Cables from London showed an advance of £1. 2s. 6d for tin and the local market took a higher level in sympathy, closing firmer in tone at $30.25@30.50. Copper, though somewhat lower in London had a strong undertone here and closed higher at $16.75@17.00. Spelter on the other hand, was weak, owing to the decrease in consumption, closing weak at $4@4.10. Pig iron warrants were very dull at $9.37½@10.37½, and lead continues dull and unchanged at $4.37½.

Brokers' price for lead was $4 and for copper $16.87½.

The Coffee Market.

New York, Sept. 12.—Coffee—Spot—Rio quiet; No. 7, invoice, 8⅝; mild quiet; Cordova 9¾@14.

SENATORIAL CONVENTION.

Headquarters of the state senatorial committee of the third district, Colorado Springs, Colorado, Sept. 12, 1900.

Pursuant to the instructions of the senatorial committee of the third senatorial district, the Republicans of the third district will convene in convention at the court house in Colorado Springs, on the 29th day of September, 1900, at the hour of 3 p. m., for the purpose of nominating a state senator from the third district, the selection of a senatorial committee and such other business as may properly come before said convention.

The basis of representation will be the same as that of the state convention, as follows:

El Paso County 62
Teller County 27
Douglas County 8

W. T. Lambert, Secretary. D. F. Law, Chairman.

CALL FOR REPUBLICAN COUNTY CONVENTION.

In pursuance of the action of the Republican county central committee, a convention of the Republican party of El Paso county is hereby called to meet in the court house in Colorado Springs on Wednesday, September 26, 1900, at 2 o'clock p. m., for the purpose of nominating one county commissioner from the second commissioner's district and electing a county central committee, and such other business as may properly come before said convention.

It is recommended that primaries be held in the various precincts in the county for the election of delegates to said county convention on Saturday, September 22, between the hours of 2 and 6 p. m.

The several precincts are entitled to the following representation in said convention on a basis of one vote for every forty votes cast of W. H. Reed for county clerk at the general election in 1899, and one vote at large. It is provided, however, that no precinct shall be deprived of representation on its vote for the reason that its total vote did not reach a major fraction of forty votes, but each precinct shall have one vote on its vote cast, and one vote at large, the same as if it had cast forty votes or a major fraction thereof.

The Republican precinct committeemen are hereby authorized and requested to call primary meetings in their several precincts as provided in this call, and to certify the names of delegates to the secretary of the county central committee before the meeting of the convention.

By precedent, no proxies will be accepted when presented by party non-resident of the precinct from which the proxy is given.

R. L. Chambers, Chairman.
John A. Voorhees, Secretary, The Republican County Central Committee.

CALL FOR LEGISLATIVE CONVENTION.

Pursuant to the action of the joint legislative committees appointed by the El Paso County Republican County Central Committee and the Teller County Republican County Central committee, a delegate convention of said counties of El Paso and Teller, is hereby called to meet at the city of Colorado Springs, Colo., on Saturday, September 29th, 1900, at 2 o'clock p. m., for the purpose of placing in nomination three candidates for representative in the Thirteenth general assembly.

For such purpose, each of said counties will be entitled to the same number of delegates and alternates as were allowed in the Republican state convention, viz.:

El Paso County 63
Teller County 27

It is requested that the credentials of each delegation properly certified be submitted to the secretary at least two hours before the hour fixed for the meeting of the convention.

Fred Palmer, Secretary. D. B. Fairley, Chairman.

Amusements

"PRINCE OF THE WORLD."

At the opera house this evening the new Christian play will be seen. It is called the "Prince of the World." The play will be beautifully staged and costumed and a very fine performance is assured. A cage of living lions, which is a part of the paraphernalia, will be exhibited on the streets this afternoon. A very strong company will present the play, which includes Bertha Belle Westbrook and Hal Reid, the joint authors. Mr. John T. Sullivan, a well known eastern actor, the husband of Rose Coghlan, heads the company. In the cast, under special engagement for the comedy role, is Will S. Rising, the widely known and popular actor-singer, who has proven his ability in comedy, drama, and grand and comic opera. He was leading man to the inimitable comedienne Lotta, and starred for several seasons in his own comedy, "Tangled Up." In conjunction with others is the handsome and talented Lillian Kemble, who beauty is in strong contrast to that of Miss Westbrook. Miss Kemble is one of the most promising young actresses of the present day and has recently achieved success in the northwest in "Sapho," "Quo Vadis" and "Cyrano de Bergerac." Miss Kemble made her debut several years since in the Lyceum Stock company in Denver, in company with James Neill, Harry Corson Clarke, Mabel Archer, Nance O'Neill, under McKee Rankin's direction, although her first appearances were made in German with her father, the eminent German actor, Karl Schmidt.

ARNOLD OPERA COMPANY.

The Denver News among other things had the following regarding the Arnold Opera company, which appears here Friday evening:

"While on the subject, it is well to say that the principals of the Arnold Opera company have made hosts of friends. The close of the first week brought the principals very much in touch with the audience. Each has sung, and each and every one has become popular. Miss Walker, the Australian prima donna, charms exquisitely, and her presence in the company is a matter of congratulation. Her voice is full, brilliant and satisfying, and she acts with so much intelligence that she fully sustains the dramatic interest in her part. Her voice is particularly mellow and flutelike, combining a full force of melody. Miss Daisy Thorn has won her way by virtue of her vocal accomplishments. For technical accuracy she [illegible] her [illegible] of taste and intelligent enunciation are also to be [illegible]. She sings [illegible] and with breadth of style and [illegible] shows her to be one of the most accomplished members of the company. It was pleasant to note the reception accorded Fanny Myers. She was adopted by our public a few years ago as a favorite. Since then the warm spot she occupies in the popular heart has grown warmer, and Denver is pleased to have her as one of the Arnold Opera company's stars. John J. Raffael, the baritone, is one of the very best now on the English singing stage. His singing in 'Escamillo' indicates this beyond peradventure. A graceful actor and a finished vocalist, he has already become a social favorite. Delamotta, the tenor from the Castle Square company, is a great acquisition to the company. He more than pleases his audience, as evidenced by the numerous encores he gets. He is a finished actor, and his upper register is clear, distinct and produced with great volume. The company is very strong in comedians. Dan Young, Robert Lett and George Hubert are a trio hard, indeed, to match. The smaller parts are always in good hands and the Arnold Opera company has the very best chorus ever heard here. The company has a repertoire of 30 operas, comic and grand, and could play the entire winter season at the Broadway to the capacity of the house, such is the favorable impression they have created."

"THAT MAN."

To the lay mind the management of a theatrical company, if thought of at all, is generally considered as a haphazard, vagabondage sort of business. This impression would be very quickly dispelled by coming in contact with a modern theatrical business man. The heads of the large printing houses and managers of railroads can attest to their thoroughly up-to-date business methods. Mr. Harry Lilford, the manager of the latest Broadway comedy success, "That Man," is the very embodiment of modern theatrical business management. He does not believe in "promises unfulfilled." His comedy, his company and his star, Walter Walker, are making an enviable reputation for him before the public as a trustworthy and reliable manager. Mr. Lilford's tour will embrace all the principal cities from New York to the Pacific coast, and he proposes to play return dates each season with "That Man." The company appears here Saturday night.

Tabler's Buckeye Pile Ointment relieves the intense itching. It soothes, [illegible] and [illegible] chronic cases [illegible] fail. It is no [illegible] [illegible] bottles; tubes 75 cents. Hefley, Arcularius Drug Co., 21 South Tejon street.

The New Goods

Almost every department filled to completion with the new goods recently personally selected by us in the New York market.

The New Dress Fabrics

talk with no uncertain sound There's a money saving argument in every yard of these lots

At 30c yard, pretty fancy weaves of part wool dress goods, 36 inches wide suitable for children dresses

At 50c yard, an all wool 54-inch medium weight cloth mixture made to sell for 75c instead of 50c yard

At 75c yard, 50-inch all wool serviceable Homespun Suitings

At $1 00 yard, 54 inch plain Broadcloths in a large variety of colors. Also Scotch mixtures in heavy cloths Both are extra value at $1.25 yard

At $1 50 and $2—Extra values in all wool pretty plaid back Golf Suitings now so stylish for the serviceable walking skirt

Where Did That Headache Go?

If there was no cure for that headache there would be some reason for tolerating it. But there is a cure

It is safe swift sure It goes right to the throbbing tearing pain and soothes it and quiets it until in a few minutes you can straighten up and say Where did that headache go? Never mind It is gone It will not trouble you again soon

And then the medicine is so easy to take—no bad smell no big capsule to swallow It is just a little tasteless [illegible] after and after it is moistened it slips down your throat as easy as an oyster

People who don't enjoy having headaches ought to keep a box in the house all the time. The name? Instant Headache Cure

We sell it.

The Field The Need

It is a fact that of all the buildings in COLORADO SPRINGS of a class sure to be ultimately heated less than 25 per cent are now equipped with STEAM or HOT WATER Heating Systems Think of it! Is it not time for you business men to get in the up to date procession? Appreciating the need of our friends and future patrons for information on this subject we are preparing ourselves to SPREAD [illegible] [illegible] owners of [illegible] per cent of the unmodernized houses of this city should no longer afford to deny themselves the benefits available in one of our heating devices.
